

Forecast for Ohio: Snow and much colder tonight; tomorrow generally fair; colder in east portion.

BOOST IN WAGES GIVEN ENGINEERS BY CITY BODY; FOSTER GETS CONTRACT

Increase Will Comply With Demands of Local Union.

TO WORK TEN HOURS

Agree To Pay \$135 Per Month With Increase Later.

A raise in salary for the stationary engineers employed by the city at the water works, to comply with demands of the union, an increase in salary of the City Auditor from \$1400 to \$2000 annually; an agreement to let W. F. Foster, engineer employed by the city, have the contract for all engineering work in connection with paving and sewage work on a five per cent basis; the passing of an appropriation ordinance for the water works, and the establishment of new quarters for the Social Service League, were the principal features of one of the busiest sessions the City Commission has held yet, Thursday night.

The demand of the stationary engineers was based on the union scale. J. C. Hanna, of the Dayton Local, represented the men, who were present, in addressing the commission urging that the demand be granted. City Manager Riddle explained that he had reached a satisfactory agreement with the engineers Wednesday, for ten hours work at \$135 and later \$140 a month, but the engineers decided later that they could not accept this owing to the union demand. The main controversy is on the number of hours. The demand of the union scale, as finally unanimously voted upon by the commission was for \$140 a month at eight hours with two weeks' vacation a year. The men have been paid \$115 for 12 hours work in the past.

YEGGS SECURE \$188 FROM SAFE OF MILLING CO.

Dewine Co., Losses When Safe Is Blown at Emery Branch.

About \$188 in money, part of which was in checks, was secured by yeggs who blew the safe in the office of the elevator of the Dewine Milling Company branch at Emery near Beattytown sometime Thursday night. The yeggs secured an entrance by breaking the glass in a window of the elevator where they secured a hammer and pick and forced entrance through a window into the office. They evidently knocked the handle off the safe door and applied nitroglycerine around that as there were no indication that the door had been forced for the charge.

Officials of the company knew exactly how much money was taken, after an investigation, according to John Dewine, of Yellow Springs, general manager of the four branch elevators of the company. Of the \$188 taken, he said, \$55 worth was in checks, on which payment has been stopped. Mr. Dewine went to Emery to investigate the robbery immediately after the discovery. The safe was wrecked by the blow. Howard Hanna is manager of the Emery elevator.

HIGH WATER SAID TO BE ENDANGERING PROPERTY ON NORTH

Port Huron, Mich., March 12.—High water is reported from many sections of the state today, many streams nearing the danger point. Seventy-five families on Hulls flats near Flint were driven from their homes early today when Thread creek flooded city streets with several feet of water. Dynamite was used in breaking up ice jams during the night to relieve the flood situation above the city. Flint river, too, is within one and a half feet of its record and fear is entertained that an overflow will occur. The Shiawassee and Cass rivers, which empty into the Saginaw river near Saginaw, are swollen to the edge of their banks. The Grand river is rising but the channel is being kept open by dynamite to break the ice floes.

LINER ASHORE; IS TOWED TO PORT

New York, March 12.—The Ward liner Esperanza which went ashore yesterday on Madagascar reef with 45 passengers and a crew of 106, has been towed into Progressive, Mexico, according to a wireless dispatch received here today.

The messa came from Captain J. R. Curtis, the skipper. It is presumed that tugs sent out from Progresso pulled the vessel off the reef and into port.

AUCTION DATES RESERVED
March 23—W. J. Baker.

Social Service Gets New Quarters

A large delegation of representatives of the Social Service League was on hand at the meeting of the city commission Thursday night to make a plea for a room in the city building in place of one now occupied, from which they will be ejected to make room for the water works offices. Members of the League present were Rev. H. G. Biddlecum, Rev. V. F. Brown, Rev. J. O. C. McCracken, Dr. B. R. McClellan, Carl Marshall, C. L. Jobe, Dr. Austin Patterson, C. H. Ervin and R. E. Holmes. Rev. Biddlecum presented the proposition of the League and his statements were endorsed by Dr. B. R. McClellan. At the suggestion of the commission, the League will be given the room at present occupied by the city engineers, and a part of the present commission chamber for a store room.

FOURTEEN DEAD AS TORNADO SWEEPS WEST

Shepherd of Hills County Is Devastated By Storm.

Springfield, Mo., March 12.—With 14 known dead and several still missing, grave fears were held today that re-establishment of communications with isolated Ozark points will add still more to the death toll of the tornado which last Thursday swept the Shepherd of the Hills country.

Three were killed at Nevada where the force of the storm was first felt. The full fury of the storm was apparently spent in Turkey Creek valley. The little village of Melva was practically wiped out and 11 are known to have lost their lives there, seven of the dead being children.

A dozen other small villages dotting the Ozark hills in Turkey Valley were swept by the storm and it is from these that it is feared belated reports will bring news of additional loss of life.

White river was still rising early today as a result of the heavy rainfall accompanying the storm and a huge dam at Powersite, which is located at a big electric generating plant, is threatened.

A relief train sent out by the Missouri Pacific brought the injured and homeless to Branson, the largest of three resort points in the "Shepherd of the Hills" country. Efforts are being made to reach isolated points with motor launches.

SUPREME COURT TO DECIDE LEGISLATION FOR PAY INCREASE

Salaries of the State Utilities Commission Still Same.

Columbus, O., March 12.—Not until the state supreme court decides that they are beneficiaries under the legislation passed the last legislative session boosting the salaries of members of the state utilities commission and state board of administration will the salaries of Chairman Charles C. Marshall and Byron L. Clendenning, Democratic members of the utilities commission, be raised from \$4,500 to \$6,000 a year and those of present members of the board of administration be boosted from \$4,000 to \$5,000 a year. State Auditor Donahy announces that he will not pay these salary boosts until they are oked by the supreme court.

Donahy wants a court interpretation of the provision in the state constitution that the salary of a state official shall not be changed during his term of office. Marshall and Clendenning were appointed when the salary was \$4,500.

Beecher W. Waltemire, Republican, the other member of the utilities commission, was appointed when the salary was \$6,000. Soon after his appointment, his pay was reduced to \$4,500. Donahy will permit him to draw \$7,500, representing salary arrearage for five years. From now on, Waltemire will be paid at the rate of \$6,000 annually.

MYSTERIOUS POISON RIFE IN PRISON

Albany, N. Y., March 12.—Authorities at Clinton prison are battling with a mysterious poison which has to date claimed two deaths; blinded five and partially robbed 25 other inmates of their sight. The dead are John Greife, New York City and Grant Griffith of Suffolk county.

Tins of canned salmon have been sent to the state laboratory for analysis. The authorities first believed that the poisoning came from wood alcohol but they have abandoned this theory.

W. F. Foster Given Engineering Job For Xenia.

SAVING TO THE CITY

Appropriation Ordinance For the Year Is Passed.

The proposition of W. F. Foster engineer, employed by the city, to take the contract for all engineering work for the city for five percent of total cost, drew considerable argument at the meeting of the city commission Thursday night, before it was finally agreed that the City Manager and City Solicitor be instructed to draw up a contract with the engineer.

It was pointed out that there will be about \$500,000 worth of work done here, and that at that time there would be from five to eight engineers necessary. Owing to the fact that Mr. Foster has an office in Dayton, he could supply these engineers only when needed, at a saving to the city, it was pointed out. During Mr. Foster's regime as head of the engineering department sewer, water works, grade and topography maps have been completed, and records of the city brought up-to-date. Other engineers would ask from five to seven percent and perhaps more, for the contract, according to the City Manager.

The ordinance granting the City Auditor an increase in salary from \$1400 to \$2000 was readily favored by the commission in view of the extra work devolving upon the auditor, who will have the water works department to look after from now on.

The appropriation ordinance for the balance of the year for the water works was passed as an emergency measure on its first reading.

MAKE EFFORTS TO GET FINAL COMPROMISE

Article 10 Still A Stumbling Block to The Senate.

Washington, March 12.—Vigorous efforts to bring about a compromise of the article 10 reservation, which will command the votes of enough senators to ratify the treaty were made by a group in the senate which included members of both parties.

The best opinion on both sides is that there will not be enough votes to change the Lodge reservation on article 10 and that with the Lodge reservation adopted, there will be too few Democrats voting for it finally to accomplish ratification.

Senator Lodge took an active part in the negotiations for compromise. Will Oppose Any Change. Senators Ball of Delaware, Frelighusen of New Jersey, Wadsworth and Calder of New York, Elkins and Sutherland of West Virginia, and Kenyon of Iowa, are said to have informed Senator Lodge they will part company with him if he submits to any change in his reservation pertaining to article 10.

Another interesting bit of news that reached the senate was that Senator Boise Penrose, of Pennsylvania, had gone over to the irreconcilables and would vote to kill the treaty. Senator Simmons of North Carolina renewed his efforts to bring about a compromise, so that the treaty shall not become an issue in the campaign. He conferred with Senators Lodge, Watson and others, but admitted that little had been accomplished. He is disinclined to believe that enough Democratic senators will vote for the Lodge reservation to make ratification possible.

Must Take Responsibility. Senator Ashurst, of Arizona, in a statement said: "As a friend of the president, and as one who has loyally followed him, I solemnly declare to him this morning: 'If you want to kill your own child because the senate straightens out its crooked limbs, you must take the responsibility and accept the verdict of history.'"

The substitute reservation for article 10 proposed by Senators Simmons and Watson was denounced by Senator Brandegee in a speech as being a complete surrender to the wishes of the president.

VESSELS STAND READY TO RESCUE PEOPLE ON STRANDED ESPERANZA

Officials Do Not Believe Ship Will Sink; 150 On Board.

New York, March 12.—Half a dozen steamers today were standing by the Ward liner Esperanza, which went ashore on Madagascar reef with 45 passengers and a crew of 106. The passengers and crew will be taken of the stranded steamer at the first indication of her sinking. Officials of the Ward line do not believe that this will be necessary.

The Esperanza is a twin screw vessel of 4,700 tons and was bound from Mexican ports to New York via Havana. She also carries a cargo of lead.

XENIA SOLDIERS IN GERMANY

Two Xenia Soldiers. Perry Swindler (seated) and Earl Osborne (standing) are stationed with the A. E. F. in Coblenz, Germany. Both were at one time carrier boys for The Evening Gazette.

A letter written by them to The Gazette appears in another part of the paper. The picture was taken in Germany.

SIMS SCORES DANIELS ON NAVAL CONFUSION

FACES GRILLING EXAMINATION AFTER ILLNESS

Newberry Witness Arises From Sick Bed To Testify.

Grand Rapids, Mich., March 12.—Arising from a sick bed today, Paul H. King, manager of the Newberry senatorial campaign and chief witness for the defense in the Newberry trial, went to the witness stand prepared to face the most grilling cross examination devised by the government attorneys in the trial.

King, whose testimony has furnished the main foundation for the entire defense, collapsed three days ago from a nervous breakdown. Realizing what it meant to the entire case for the Newberry defendants to go through with his testimony, he finally pulled himself together, making ready to take the stand today with a physician sitting beside him.

At the slightest indication of faltering, the physician will give him a hypodermic injection, so that he can carry on with his answers to the government attorneys' questions.

After King leaves the stand the defense will rest its case. The government then will put rebuttal witnesses on the stand.

"TELL 'EM I STUTTER" SAYS M'ADOO WHEN APPROACHED BY "DRY"

Former Cabinet Member Refuses To Discuss Convention.

Washington, March 12.—William C. McAdoo is no prophet as to the probable "wet" and "dry" lineup at the next Democratic convention. He frankly said so here, and added he would not indulge in prophecy. "You tell 'em, I stutter," ejaculated the astute statesman as he left Secretary Houston's office and was besieged by friends.

Mr. McAdoo's retort was provoked by some inquisitive friends who sought to find out what Mr. McAdoo's thoughts were of William Jennings Bryan's campaign to align all loyal "drys" for the expected battle on the convention floor at San Francisco next summer.

McAdoo shied away from discussion of the liquor question with adroitness. To his former associates at the treasury, however, he delivered himself of some pithy points on the liquor topic. These informal remarks are said to have indicated he might be inclined to declare himself as favoring light wines and beer.

JAPAN SPENDING MILLIONS ON AIRCRAFT

Paris, March 12.—Japan is spending \$60,000,000 annually upon aviation equipment, it was stated today by members of the Japanese aviation delegation that is now in Europe seeking new ideas for the Japanese air forces. An order for 300 airplanes for the Japanese government has just been placed in France.

"The next war will be fought in the air," declared General Magoka, chief of the Japanese delegation. "The nation that is best equipped aerially will dominate both land and sea."

Says Secretary of Navy Responsible For Convoy.

USED WRONG PLAN

Alleges Department Was Inefficient During War.

Washington, March 12.—Secretary of the Navy Daniels was responsible for confusion on the conveying of ships which resulted in unnecessary losses during the war, Admiral Sims declared today before the senate subcommittee investigating charges against the navy department.

Admiral Sims said that after the British admiralty had worked out a convoy system which the allies adopted, Secretary Daniels attempted to put in effect a different plan for American ships.

"The delay of the navy department in accepting the recommendation for the convoy system, in delaying its establishment for some months, resulted directly in some hundreds of thousands of tons of shipping lost unnecessarily to the allied cause as a whole," Admiral Sims said.

Admiral Sims said his letter of January 7, 1920, was a "very mild statement of the serious embarrassments and delays and dangers in putting into effect the convoy system, which was the most important of all the measures used in defeating the submarine campaign against allied shipping."

Sims told the committee of the "real state of desperation in which I found myself almost daily during the first months of the war."

"The cause of this was not a single matter, much as the failure to act on my convoy recommendations, but that in a dozen different matters at the same time I was faced with the same situation, always hoping from day to day that the department would finally realize the situation and either accept the recommendations or send over somebody in whose judgment they could trust," he said.

American shipping in July 1917, he said, was not more than 5 per cent of the arrivals and departures in the war zone. After 15 months of participation, Sims said, American ships made up less than 12 per cent of the allied tonnage on the lines of communication.

DIES FROM INJURIES

Canton, O., March 12.—C. H. Gallagher, 41, an employee of the Canton Forge Steel plant died in Mercy hospital today from injuries received when he fell 40 feet while at work in the mill.

B. & O. TRACKS AT CHARLES STREET LOWERED FOLLOWING CITY LITIGATION OF TWENTY YEARS

After twenty years of effort on the part of the city of Xenia, the track of the Baltimore & Ohio railroad along Charles street from Dayton avenue to the junction with the Pennsylvania lines, will be lowered to the proper grade level.

Division Engineer Gibson of the B. & O. and Assistant Division Engineer Abbot, consented to establishing the grade at a meeting with City Manager Kenyon Riddle and Engineer W. F. Foster in this city, Thursday. The agreement is the climax of effort on the part of the city for twenty years to have the track lowered along that street.

When the railroad was put in along Charles street it established its own grade and houses, lawns and sidewalks were later graded to agree with that grade. Since then the railroad has been gradually raising its tracks in repairing the foundation, until it is six inches or more above the grade level, through the entire length.

NEW FOUNDRY IN XENIA ERECTED IMMEDIATELY; LOCAL MEN INTERESTED

ARRESTS FOLLOW INDICTMENT OF COAL OPERATORS

Forecast Action Within Week Against Miners and Employers.

INDICT 125 PERSONS

Wage Increase Now Up To President Wilson.

Indianapolis, Ind., March 12.—Arrests within a week were forecast today following the return of an indictment against 125 bituminous coal operators and miners by a special federal grand jury in the United States district court here today. Capiases were being prepared today for the arrest of approximately two-thirds of whom are operators and the rest miners. The defendants will be arraigned here before Judge A. B. Anderson May 4.

Bonds were fixed at \$10,000 in some cases and in others at \$5,000.

The arrests it is expected will reveal sensational developments in line with the government charge prior to the jury probe that the Lever act was being "grossly, opened and defiantly violated," in conspiracy to restrict the production of coal. The investigation, it was stated covered the entire coal industry, including the activities of operators, miners and dealers in 16 states during the whole period of the war.

Wages up to Wilson. The question of wage increases for coal miners rests directly with President Wilson today.

The president's coal commission is apparently dissolved, Henry M. Robinson, chairman of the commission, left early today for his home in Pasadena, Calif., leaving a statement that he is through with the coal miners wage controversy.

Chairman Robinson declared he had sent his report to the president and he would not participate further. This action may forestall any efforts on the part of the president to secure an unanimous report from the commission by getting Robinson and Peals to confer further with John P. White labor member of the commission, who has dissented from the majority report.

NO MORE WITHDRAWALS OF NAME OF DEMOCRAT CANDIDATES EXPECTED

Scratching of Garfield and Monroe—Leaves Only Cox.

Columbus, O., March 12.—Now that John R. Garfield, Cleveland has withdrawn as a candidate for the Republican presidential nomination and Secretary of State Smith has taken the name of James O. Monroe, Maywood, Ill., off the ballot as a candidate, Democratic presidential nomination, no further withdrawals are anticipated at the secretary of state's office relative to the April presidential primary ballots. The time for withdrawals expires tomorrow.

On the Republican ticket the presidential candidates are U. S. Senator Harding and Major General Wood. Governor Cox is the only presidential candidate on the Democratic ballot.

Monroe's name was eliminated following the protest of Ohio Democrats that his declaration was faulty.

Corporation Paper To Be Applied For In Few Days.

C. OF C. INSTRUMENTAL

New Company Built On Old Shawnee Refrigeration Plant.

Corporation papers will be applied for within a few days for the Xenia Foundry and Machine Company, which is composed of Dayton and Xenia capital, and which will be located in this city. The concern will be capitalized at \$50,000 of which \$20,000, it is understood is Xenia capital.

The new company, announcement of the formation of which is just being made, is headed by William Huston and E. Peister of Dayton, both foundry experts, and is the culmination of negotiations between the organizers and Secretary L. C. Tingley of the Chamber of Commerce, in which Harry Sohn and Attorney M. J. Hartley have taken an active part.

By the deal bringing the factory to this city a new and modern factory building will be built on property formerly belonging to the Shawnee Refrigeration Company on West street, and purchased from that company by Mr. Sohn. Mr. Sohn later sold a half interest to Mr. Hartley and the land will be given to the company as a site for the new factory in an exchange for stock in the foundry. Practically all the rest of the money in the concern is from Dayton interests.

The deal has been pending several weeks and only came to head when the final agreement between Mr. Sohn and Mr. Hartley and officials of the new company was signed. The company will apply for incorporation papers in the sum of \$50,000 and it is expected that the charter will be granted in a few days. Secretary Tingley of the Chamber of Commerce, who was also instrumental in bringing the factory to this city, having first entered into negotiations with the concern, was in Columbus Friday and could not be reached by telephone.

According to Mr. Sohn, who is now interested financially in the project, the company will build a sheet metal factory building on the land secured by the stock exchange deal, facing on West street. The land in the deal amounts to 7.8 acres, which permits plenty of room for the erection of the building. The factory will be modern, light and well ventilated, and will be provided with tub and shower baths for the accommodation of employees.

The company will employ about twenty men to start with and will increase this number as soon as possible to forty well paid experienced molders. The pay roll, according to those interested, will easily reach \$100,000 a year.

The company will do all kinds of gray iron casting, making castings to order from their own molds, and keeping a supply of staple castings on hand. In connection with the factory proper a machine shop for principally local use will be operated.

The influx of skilled workmen occasioned by the erection of the plant will bring a greater strain upon local housing conditions, and will necessitate the probable erection of a number of good houses to take care of the well paid employees of the firm.

Work on the erection of the building will probably begin immediately following the granting of the charter. The plans of the building were drawn by Architect Pretzinger of Dayton and have been in the hands of McCurran Bros. local contractors, for several days.

U. S. SUB. STRIKES ON SEA COAST

Buzzards Bay, Mass., March 12.—United States submarine No. 12 aground all night on Hog Island at the entrance of the Cape Cod Canal, extricated itself from the sands early today without assistance of tugs sent to its aid. The No. 12 went aground after passing through the canal last night on her way from Boston to Newport, R. I.

BOOST IN WAGES GIVEN ENGINEERS
BY CITY BODY; FOSTER GETS CONTRACT

Increase Will Comply With Demands of Local Union.
TO WORK TEN HOURS
Agree To Pay \$135 Per Month With Increase Later.

A raise in salary for the stationary engineers employed by the city at the water works, to comply with demands of the union, an increase in salary of the City Auditor from \$1400 to \$2000 annually; an agreement to let W. F. Foster, engineer employed by the city, have the contract for all engineering work in connection with paving and sewage work on a five per cent basis; the passing of an appropriation ordinance for the water works, and the establishment of new quarters for the Social Service League, were the principal features of one of the busiest sessions the City Commission has held yet, Thursday night.

The demand of the stationary engineers was based on the union scale. J. C. Hanna, of the Dayton Local, represented the men, who were present, in addressing the commission urging that the demand be granted. City Manager Riddle explained that he had reached a satisfactory agreement with the engineers Wednesday, for ten hours work at \$135 and \$140 a month, but the engineers decided later that they could not accept this owing to the union demand. The main controversy is on the number of hours. The demand of the union scale, as finally unanimously voted upon by the commission was for \$140 a month at eight hours with two weeks' vacation a year. The men have been paid \$115 for 12 hours work in the past.

The Esperanza is a twin screw vessel of 4,700 tons and was bound from Mexican ports to New York via Havana. She also carries a cargo of lead.

XENIA SOLDIERS IN GERMANY

Two Xenia Soldiers, Perry Swindler (seated) and Earl Osborne (standing) are shown in military uniforms. They are both looking towards the camera. The background is dark and indistinct.

carrier boys for The Evening Gazette. A letter written by them to The Gazette appears in another part of the paper. The picture was taken in Germany.

SIMS SCORES DANIELS
ON NAVAL CONFUSION

Grand Rapids, Mich., March 12.—Arising from a sick bed today, Paul H. King, manager of the Newberry senatorial campaign and chief witness for the defense in the Newberry trial, went to the witness stand prepared to face the most grilling cross examination devised by the government attorneys in the trial.

King, whose testimony has furnished the main foundation for the entire defense, collapsed three days ago from a nervous breakdown. Realizing what it meant to the entire case for the Newberry defendants to go through with his testimony, he finally pulled himself together, making ready to take the stand today with a physician sitting beside him.

At the slightest indication of faltering, the physician will give him a hypodermic injection, so that he can carry on with his answers to the government attorneys' questions.

After King leaves the stand the defense will rest its case. The government then will put rebuttal witnesses on the stand.

"TELL 'EM I STUTTER"
SAYS M'ADOO WHEN
APPROACHED BY "DRY"

Former Cabinet Member Refuses To Discuss Convention.

Washington, March 12.—William C. McAdoo is no prophet as to the probable "wet" and "dry" lineup at the next Democratic convention. He frankly said so here, and added he would not indulge in prophecy.

"You tell 'em, I stutter," ejaculated the astute statesman as he left Secretary Houston's office and was besieged by friends.

Mr. McAdoo's retore was provoked by some inquisitive friends who sought to find out what Mr. McAdoo's thoughts were of William Jennings Bryan's campaign to align all loyal "dry" for the expected battle on the convention floor at San Francisco next summer.

McAdoo shied away from discussion of the liquor question with adroitness. To his former associates at the treasury, however, he delivered himself of some pithy points on the liquor topic. These informal remarks are said to have indicated he might be inclined to declare himself as favoring light wines and beer.

JAPAN SPENDING
MILLIONS ON AIRCRAFT

Paris, March 12.—Japan is spending \$60,000,000 annually upon aviation equipment, it was stated today by members of the Japanese aviation delegation that is now in Europe seeking new ideas for the Japanese air forces. An order for 300 airplanes for the Japanese government has just been placed in France.

"The next war will be fought in the air," declared General Magoaka, chief of the Japanese delegation. The nation that is best equipped aerially will dominate both land and sea."

NEW FOUNDRY IN XENIA
ERECTED IMMEDIATELY;
LOCAL MEN INTERESTED

Corporation Paper To Be Applied For In Few Days.
C. OF C. INSTRUMENTAL
New Company Built On Old Shawnee Refrigeration Plant.

Corporation papers will be applied for within a few days for the Xenia Foundry and Machine Company, which is composed of Dayton and Xenia capital, and which will be located in this city. The concern will be capitalized at \$50,000 of which \$20,000, it is understood, is Xenia capital.

The new company, announcement of the formation of which is just being made, is headed by William Huston and E. Peister of Dayton, both foundry experts, and is the culmination of negotiations between the organizers and Secretary L. C. Tingley of the Chamber of Commerce, in which Harry Sohn and Attorney M. J. Hartley have taken an active part.

By the deal bringing the factory to this city a new and modern factory building will be built on property formerly belonging to the Shawnee Refrigeration Company on West street, and purchased from that company by Mr. Sohn. Mr. Sohn later sold a half interest to Mr. Hartley and the land will be given to the company as a site for the new factory in an exchange for stock in the foundry. Practically all the rest of the money in the concern is from Dayton interests.

The deal has been pending several weeks and only came to head when the final agreement between Mr. Sohn and Mr. Hartley and officials of the new company was signed. The company will apply for incorporation papers in the sum of \$50,000 and it is expected that the charter will be granted in a few days. Secretary Tingley of the Chamber of Commerce, who was also instrumental in bringing the factory to this city, having first entered into negotiations with the concern, was in Columbus Friday and could not be reached by telephone.

According to Mr. Sohn, who is now interested financially in the project, the company will build a sheet metal factory building on the land secured by the stock exchange deal, facing on West street. The land in the deal amounts to 7.8 acres, which permits plenty of room for the erection of the building. The factory will be modern, light and well ventilated, and will be provided with tub and shower baths for the accommodation of employees.

The company will employ about twenty men to start with and will increase this number as soon as possible to forty well paid experienced molders. The pay roll, according to those interested, will easily reach \$100,000 a year.

The company will do all kinds of gray iron casting, making castings to order from their own molds, and keeping a supply of staple castings on hand. In connection with the factory proper a machine shop for principally local use will be operated.

The influx of skilled workmen occasioned by the erection of the plant will bring a greater strain upon local housing conditions, and will necessitate the probable erection of a number of good houses to take care of the well paid employees of the firm.

Work on the erection of the building will probably begin immediately following the granting of the charter. The plans of the building were drawn by Architect Pretzinger of Dayton and have been in the hands of McCurran Bros., local contractors, for several days.

U. S. SUB. STRIKES
ON SEA COAST

Buzzards Bay, Mass., March 12.—United States submarine No. 12 aground all night on Hog Island at the entrance of the Cape Cod Canal, extricated itself from the sands early today without assistance of tugs sent to its aid. The No. 12 went aground after passing through the canal last night on her way from Boston to Newport, R. I.

On the Republican ticket the presidential candidates are U. S. Senator Harding and Major General Wood. Governor Cox is the only presidential candidate on the Democratic ballot.

Monroe's name was eliminated following the protest of Ohio Democrats that his declaration was faulty.

B. & O. TRACKS AT CHARLES STREET LOWERED
FOLLOWING CITY LITIGATION OF TWENTY YEARS

After twenty years of effort on the part of the city of Xenia, the track of the Baltimore & Ohio railroad along Charles street from Dayton avenue to the junction with the Pennsylvania lines, will be lowered to the proper grade level.

Division Engineer Gibson of the B. & O. and Assistant Division Engineer Abbot, consented to establishing the grade at a meeting with City Manager Kenyon Riddle and Engineer W. F. Foster in this city, Thursday. The agreement is the climax of effort on the part of the city for twenty years to have the track lowered along that street.

When the railroad was put in along Charles street it established its own grade and houses, lawns and sidewalks were later graded to agree with that grade. Since then the railroad has been gradually raising its tracks in repaving the foundation, until it is six inches or more above the grade level, through the entire length.

Repeated efforts to have the track lowered have been made by the city with no result, the matter being taken to court at one time. City Manager Riddle has been working on the proposition since coming here, and had records by Mr. Foster and others with the previous Division Engineer when he was transferred.

Facts dug up from the engineering records by Mr. Foster and others compiled by him, proved the situation to the railroad engineers, and influenced them to consent to lower the grade. The work will require about an 18 inch excavation in laying the new foundation and will cost the railroad about \$6,000 or \$7,000 it is estimated.

Division Engineer Gibson, on his visit here Thursday, announced that the company had for a long time been contemplating coming into Xenia from Trebels along the same right of way as the Pennsylvania lines, thereby cutting down the number of street crossings by half, and establishing a double track from Trebels to Xenia.

He said that this work would probably be done soon, and would be done now if the money was available.

Local Items

Harry Weller, arrested near the depot and charged with loitering, drew \$25 and costs before Police Judge E. Dawson Smith Friday morning. He was sent to the work house.

C. E. Evans, local liveryman, has secured the agency for the Sayers Six, a new pleasure car being manufactured by the Sayers and Scovill Company of Cincinnati. Mr. Evans is using a five passenger touring car as a demonstrator.

GET IT AT DONGES.

C. A. Kuhn, district representative of the Reliance Motor Company of Cincinnati, distributors of Dixie Flyers, Master and Commerce Trucks is in this city in the interests of his company.

Lots in Dodds' Addition may now be had on terms as low as twenty percent down, balance in payments to suit purchaser. Deeds when one-third purchase price paid. Better make your selections early. adv-31f.

Hiccoughing for 48 hours, Isaac Evans of East Second street, well known Xenian, is in a serious condition. The trouble had lessened some Friday afternoon. The attack of hiccoughs came on without any preliminary illness.

Ray Collett of Van Wert, is visiting his mother Mrs. H. C. Collett, diet cook at the McClellan Hospital.

The residence property of Mrs. Max Simon on North King street, was sold through the agency of John W. Prugh. Dr. George W. Kuhn for his home. Dr. Kuhn will be given possession of the house May 1. Mrs. Simon expects to continue to make her home in this city.

Mrs. H. S. LeSourd is spending a few days visiting relatives in Zanesville.

Mr. and Mrs. Howard Luck are announcing the birth of a daughter, Ruth. The mother and baby are at the home of Mrs. Luck's mother on Elm street.

Wilberforce University basketball team will meet the Springfield Center Street Y. M. C. A. team Friday night, at Springfield.

The annual Clinton county basketball tournament began at Wilmington College Friday. The following High Schools are entered in the tourney: Pleasant, Adams, Kingman, New Vienna, Martinsville, Midland City, Sabina, Port William, Blanchester and Clarksville.

Mr. and Mrs. Joseph Keiter of near Burlington are the parents of a baby daughter, whom they have named Maxine.

Col. E. W. Deeds of Dayton has been secured to deliver an address before the Masonic club in this city next Tuesday evening. His subject will be "The Future of America." The meeting will be for members only.

Social Happenings

GOOD CHEER CLUB HAS ST. PATRICK MEETING

Merry sallies of Irish were heard from members of the Good Cheer club who were entertained Thursday afternoon by Mrs. Elton Smith. Each member was requested to have ready a bit of a story relating to the Emerald Isle, and many a clever tale was told to the delight of the hearers.

The guessers also busied themselves with their needlework. The hostess served a delicious salad course with coffee and angel food cake, and the favors were tiny green satin boxes decorated with an Irish harp and containing bon bons. Fifteen of the club women enjoyed the afternoon.

REBEKAH LODGE CHARMINGLY ENTERTAINS.

A very delightful evening was spent by the members of the lodge of Rebekah at the home of Mrs. Charles Griesinger on the Springfield Pike, Thursday evening. Assistant hostesses were Mrs. William Harrison and Mrs. Hickman.

A spelling match and various other games and contests made merry the evening for the guests. Dr. A. C. McCormick proved himself the most efficient speller, and was awarded a prize for his accomplishment in that line. Mrs. D. B. John was also given a prize in the spelling match, and in another contest Mr. and Mrs. Atkinson carried off the honors.

There were thirty-six enjoying the evening. The hostess served a delicious supper course. St. Patrick's day ideas were used in the prizes and other features.

W. R. C. TO GIVE A "NONSENSE" SOCIAL

You are expected to leave your cares behind you when you go to the "nonsense" social which is to be given by the women of Lewis Relief Corps next Monday evening at the G. A. R. Post hall. "A little nonsense now and then is relished by the best of men," says the women in extending the invitations. An admission fee of ten cents will be charged. A collation will be served by the women.

MACCABEES WILL GIVE DANCE.

The Ladies of the Maccabees have issued invitations for a St. Patrick Day Dance to be given at the K. of P. hall, Wednesday evening, March 17, at eight o'clock. Music will be furnished by O'Neil's orchestra of Springfield, and an admission of \$1.10 will be charged.

DRAWINGS MADE FOR COUNTY TOURNAMENT LARGE CROWD ON HAND

Xenia High Plays In First Game of Preliminaries.

Special to the Gazette-Republican. Yellow Springs, March 12.—A large crowd filled Kelly Hall at Antioch College for the preliminary games of the sixth annual Greene County basketball tournament this afternoon.

In the drawings preceding the games, Xenia drew to play Jamestown at 2:30 o'clock.

The rest of the games today follow: Bellbrook and Caesarcreek, at 3:30. Yellow Springs and Ross Twp., at 7:30.

Osborn and Beavercreek at 8:30. Xenia will likely oppose Bellbrook and Yellow Springs, Osborn in the early games Saturday morning.

The drawings for the girls game will not be made until Saturday morning.

CENSUS FIGURES ARE GIVEN OUT; MANY CITIES SHOW GAIN

Macon, Ga., Shows Biggest Increase of Early List.

Washington, March 12.—The census bureau today announced the following preliminary population figures for 1920:

Macon, Ga., 1920 population 52,525; 11,860 increase; 29.2 percent increase; 1910 population 40,665.

Chattanooga, Tenn., 1920 population 57,895; 13,291 increase; 29.8 percent increase; 1910 population 44,604.

Cambridge, Md., 1920 population 7,467; 1,060 increase; 16.15 percent increase; 1910 population 6,407.

Sheburn, Ind., 1920 population 1,814; 241 decrease; 11.7 percent decrease; 1910 population 2,055.

Coatesville, Pa., 1920 population 14,515; 3,431 increase; 31 percent increase; 1910 population 11,084.

Forest City, Pa., 1920 population 6,004; 225 increase; 4.4 percent increase; 1910 population 5,779.

Huntingdon, Pa., 1920 population 7,051; 190 increase; 2.8 percent increase; 1910 population 6,861.

Lewistown, Pa., 1920 population 9,849; 1,683 increase; 20.6 percent increase; 1910 population 8,166.

Waynesboro, Franklin county, Pa., 1920 population 9,720; 2,521 increase; 35 percent increase; 1910 population 7,199.

CROSSING VICTIM DIES IN HOSPITAL

Canton, O., March 12.—Lloyd Kenworthy, aged 21, employee of the Northern Ohio Traction company, who was struck by a Pennsylvania train Wednesday night, died in Mercy hospital today without regaining consciousness. Kenworthy had left his car at the Tuscarawas street crossing and when he attempted to cross the tracks after a freight had passed he was struck by a fast train.

HEARING IS POSTPONED.

Washington, March 12.—Argument on the petition for the dissolution of the injunction granted William Randolph Hearst against the sale of the ex-German ships by the shipping board, was today postponed for one week.

DOUBLE TRAGEDY IN AKRON HOTEL

Akron, O., March 12.—The Congress Hotel, South Main street, was the scene of a double tragedy shortly after 8 o'clock Thursday night when Charles William Schardt, 26, street car conductor, killed his wife and then committed suicide by swallowing poison.

The hotel management reported the murder and suicide to Patrolman Gates, who notified police headquarters. When the police arrived at the scene of the tragedy Schardt was lying on one corner of the room, his face badly burned by acid he had spilled as he drank it and the dead body of his wife, covered with blood was lying on the bed. Schardt was alive when found but died before he was taken from the room. Letters taken from Schardt's clothing, written by his wife, police say, indicated that the double crime was the result of Schardt's drinking.

TEACHERS MAY HAVE TO MAKE BIG REFUND

Columbus, O., March 12.—Darke county school teachers were asked today to return the \$543.17 paid them as wages when they attended the Oxford normal school and the convention of the Central Ohio Teachers Association at Dayton, November 7, last, or earn this money by teaching an extra day. This request is contained in a report, made public today, of an investigation by the state accounting bureau of the Darke county school districts.

Officials of the accounting bureau hold that rulings by four attorneys general agree that there is no law permitting payment of teachers when they attend conventions. The largest finding, \$234.99 is against Greenville teachers.

Mrs. George F. Dodds spent Friday in London, visiting relatives.

The Rev. Albert Read took part in the ordination services of the Rev. Mr. Fletcher, a Baptist minister, at Fletcher, O., Tuesday. Mr. Read preached the ordination sermon, and propounded the questions.

The Aftermath of Flu

This is No. 1 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vicks' VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 231 Broad Street, Greensboro, N. C.

ELECTRIC LIGHT AND POWER

Which Plant Will Serve You Best?

One is the noisy
vibrating kind.
The other is the
Silent Alamo

One is a plant that is noisy. It rattles and bangs—it shakes and quivers and jumps and bumps. The whole thing is in a continual state of severe vibration all the time. The other is the Silent Alamo. It runs noiselessly like a little electric motor. This is due to the noiseless, rotating, sleeve-valve motor—the quietest type of motor ever built. And there is no vibration. This is due to the scientific balancing of weight. Remembering that the motor is the vital part of any electric light and power plant; and, remembering, too, that vibration which shakes everything out of alignment, destroys adjustments, etc., is certain ruination to a motor—which electric light plant will give you the best service? You can answer the question for yourself.

Silent ALAMO

Electric Light and Power Plant

The great question today is: "What plant shall I select?" And wise buyers will always look at the motor first and at the precautions taken by the manufacturer to safeguard the motor and assure dependable service without trouble or delays.

Investigate the Silent Alamo

We have canvassed the entire field. We have selected the Silent Alamo because we find that it is everywhere proving itself to be the leader. Every part is built with the care of a high priced

THE BIGGEST DEALER OPPORTUNITY IN THE FARM FIELD

Now is the time for dealers who have vision—who can read the writing on the wall—to become Silent Alamo men. Let us tell you why the Silent Alamo is the dealer's biggest opportunity today. Let us tell you how we are co-operating with our dealers and backing them up to make their profits come easy.

The field is just opened. The surface has only been touched. The Silent Alamo—the acknowledged leader—the quietest running plant—the only plant free from ruinous vibration—offers you the opportunity of a lifetime, to establish a profitable, high class business, with only a nominal investment. Some choice territory still open. Write for particulars today.

HOLD MEMORIAL SERVICES FOR SOLDIERS SOON

Arrangements have been completed for the memorial service to be held at the opera house Sunday afternoon, when the engraved certificates which are the gift of the French government will be presented to the next of kin of soldiers, sailors or marines who died in the service.

The services will open at 2:30 o'clock, and the general public is invited, as well as relatives of the deceased soldiers, sailors and marines.

Joseph P. Foody Post of the American Legion is in charge of the memorial, and Commander Charles L. Darlington announced the program Friday.

Chief Justice Hugh L. Nichols, of the Supreme Court of Ohio will deliver the principal address. In it he will give some interesting personal reminiscences of General Grant. The Rev. William P. O'Connor, post commander of the Wilbur H. Thomas Post of the American Legion, Jamestown, and overseas chaplain with the Thirty-seventh division will also give an address.

Members of Lewis Post, G. A. R., the Womens' Relief Corps, and the Sons of Veterans and Daughters of Veterans will be present in a body at the exercises.

The program is to be as follows: Orchestral prelude by American Legion orchestra, under the direction of Dr. A. B. Kester.

Invocation, Rev. Albert A. Burke. "America," sung by audience. Address, Rev. William P. O'Connor. Selection by American Legion Quartette, composed of members from Cedarville.

Address, Chief Justice Hugh L. Nichols.

Solo, "The Americans Come," Hugh Turnbull, Foody Post.

Prayer, Dr. Ben R. Nichols, chaplain Foody Post.

Selection, American Legion Quartette.

"Star Spangled Banner," by audience.

Benediction, Rev. G. W. Becton.

Orchestral postlude, American Legion Quartette.

COURT NEWS

On the grounds of gross neglect of duty, Melva Robinett has brought suit for divorce from Fred Robinett. They were married November 14, 1918, and she avers that he has never supported her, and has remained away from home at long periods. She asks to be restored to her maiden name Melva Day.

Harry F. Hawks has been granted a decree of divorce from Reita F. Hawks on the grounds of gross neglect. They were married February 6, 1918.

V. H. DAVIS WILL RESIGN POSITION

Columbus, O., March 12.—Announcement that he will resign has been made by Vernon H. Davis, chief of the state bureau of markets. Davis will become manager of a fruit growing concern on Catawba Island, Lake Erie. He has held his present position three years. Prior to that time he was professor of horticulture at Ohio State University.

HIGHER SALARIES TAKE MEN TO AKRON

Columbus, O., March 12.—Offered larger salaries, Forest E. Wilson, deputy auditor of claims for the state industrial commission and Nicholas D. White, chief reviewer of claims for this commission, have accepted positions at Akron. Wilson goes with the Miller Rubber company. He helped organize the state employees union here last summer and was its secretary. White will be employed by the Goodrich Rubber company.

LONDON MINERS DEMAND RAISE

London, March 12.—The federation of coal miners today decided to demand a wage advance of three shillings daily, dating from March first. The trade union congress, which rejected "direct action" yesterday has adjourned until March 24.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Resident Has Awful Experience

"I was twice confined in hospitals. In the last one nothing but gruel water was injected into me 4 times a day, as my stomach would not retain any food. I suffered terribly; was reduced to a skeleton. My folks saw an ad of Mayr's Wonderful Remedy and it has surely saved my life. I weight 180 lbs. now." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sayre & Hemphill and druggists everywhere.

LADY ASTOR'S ELECTION AS A MEMBER OF THE BRITISH PARLIAMENT.

"We hold these truths to be self-evident, that all men are created equal" starts in the Constitution of the United States, adopted July 4, 1776. This was 144 years ago. And note you, that nothing is said about women being created the equal of man—because such was not considered the fact then.

But times have changed. After a hundred years of fighting for their political equality with man, they have at last gained their cause. Not only here, but the world over their natural rights are being recognized. And we are only seeing the dawn of what time will show in the course of human events.

A couple of years ago it almost took the breath of some of our national solons to have a woman walk into Congress and take her seat as a member. This seemed to forecast a new order of things, but our women have been slow to "carry on" in this line, though we are quite sure that a few years hence will see many women Members of our Congress, to the great advantage of the country.

And in the meantime, what do you think, Old Foggy England has given an example of progressive womanhood in political matters that has startled the world. Also to our credit she does it with an American born woman. Three cheers and a tiger for that.

One of our monthly magazines gives us, in the current issue a two page delightfully illustrated account of the latest English sensation—the election of Lady Astor as a Member of the British Parliament. The sketch given is of Nancy Langhorne Astor as the first woman member of the British House of Commons, American by birth and a British subject through her marriage to the second Viscount Astor, son of William Waldorf Astor, the latter created a British Peer by the late King Edward VII.

The pictures shown in the article are very entertaining. One of them is the Astor family picture, showing Lady Nancy with John Jacob, aged 18 months, in her arms; Phyllis, aged 10 years; Robert, 21 years; Michael, 3 years; David, 7, and William Waldorf apparently about 8. As hearty a looking family lot, mother and six children, as one rarely sees.

We take the liberty of giving a few extracts from the article named, the better to show some special points, as follows:

"When she was asked why she was chosen by the Plymouth Unionist Association to fill the vacancy in the House of Commons left by her husband's succession to the peerage, she smiled a baffling smile and replied: 'Because I was the best man for the place.'

"When this answer was repeated to an Englishman who is very close to Lloyd George and who often consults with the Prime Minister on matters of policy and politics, he laughed and said: 'I should think that reply would show you something of why she was chosen. She is clever at generalities. There were a number of reasons why we felt her to be what she terms 'the best man for the place,' he went on. 'Women were talking about running for Parliament, and we felt that we should have as our first woman parliamentarian one who was progressive, but had a reverence for old ideals, one who would take a sound stand for organized government and yet have popularity enough to attract a share of the woman and the labor votes.'

"Don't think for a minute that I am ashamed of my American birth. I have nothing but Anglo-Saxon blood in my veins and that of the very best. I am proud of it.

"I have heard it said that a woman who has children should not go into the House of Commons; she ought to be home looking after her children. That is true, but I feel that someone ought to be looking after the more unfortunate children. My children are among the fortunate ones, and it is this that steels me to go to the House of Commons to fight the fight not only of the men but of the women and children of England.

"In her home Lady Astor has all the chic and fluffiness and femininity in her apparel that the most superficial could desire. Here, at least, she is all woman. She rises early, and her first waking hour is devoted to the study of the Bible. Then some time is given to her children—her 'babies,' she calls them—from twenty-one-year-old Robert, better known as 'Bobbie,' to eighteen-months-old John Jacob, a dear bit of a man child who laughs from peep of day to fall of night."

HOUSES TO FIT FAMILIES.

A speaker before the Massachusetts Chamber of Commerce recently urged the necessity of "accommodating houses to families," if the housing shortage were to be met soon and satisfactorily.

A large family needs a large house, while the smaller family can live quite comfortably in the smaller house and the newly wed couple requires the least space of all. At present, of course, most people are thankful to live in anything they can get hold of. But that does not meet the situation.

It is neither wise nor practical to build a lot of three or four room houses for the small families. They are the ones who should live in flats and apartment houses. While the shortage exists, the separate house for a family unit should go to the bigger group that needs it.

The way to bring about this happy state of things, the speaker said, is for corporations and manufacturing concerns to co-operate with their employees in securing homes for the latter.

A news item reads that after a hard fight the Suffrage Amendment carries in West Virginia. That fact ought to permit some of our cautious politicians to appear from behind the camouflage, and join the ranks with "I was for it all the time" statement.

When the question of to what use they would put their bonus, was placed before a few of our local soldiers, the consensus of opinion seemed to be that a cane would probably be the most useful article for that time, and that a very nice one ought to be obtainable at that price.

An industrial comeback is predicted for the Germans, and if this is the case, shopping ought to become a more difficult task for those who are under oath never to buy any German made goods, unless the familiar trade mark "Made In Germany" is omitted.

THE POPULAR GAME.

EVERY one is profiteering, every one is profit-struck; no one's pleased unless he's clearing ninety cents on every buck. I would buy myself some clothing—something shelf-worn would suffice—but my soul is filled with loathing when I contemplate the price. I would buy a slab of bacon, but the man who sells the same by his conscience is forsaken, and his prices are a shame. I would like to paint my shanty, whose appearance is a frost, but the burning words of Dante can't do justice to the cost. Now and then I go a-questing for the reason for this craze; and the blame is always resting on some distant nameless jays. Oh, the blame is never local, it is always most remote; and each man, profanely vocal, says some others get his goat. Vain is all our loud resistance to the graft that makes us sick; always in the hazy distance are the knaves who do the trick. Always in elusive shadow is the profiteering group, which has found its El Dorado, while consumers find their soup. Far away the robbers shameless who harpoon us through and through; and your merchant prince is blameless—he gets stung as well as you.

TWENTY YEARS AGO

Mr. Fred Maddux, who is attending school at Culver, Ind., is home on a visit.

The friends of Mr. Charles Munger will be sorry to learn that he has been on the sick list for several days and is threatened with pneumonia.

Fire destroyed ward A. of the hospital at the O. S. and S. O. Home this morning. The ward was a small one story building in the rear of the main building.

Mr. James Swindler, who has been employed some time at the Barnett saw mill, will go back to his old business of railroading, and went to Cincinnati this morning to get a position on the Pan Handle as extra brakeman.

In the window of Frazers shoe store is a display of ladies shoes, the product of the Xenia shoe factory. The shoes are stylish and handsome.

Mr. James Coursey, who has for several years been employed as a clerk at Ed. Schmidt's grocery, will go into the grocery business for himself in a vacated room on East Main street.

EVERYDAY ETIQUETTE

The invitations should we give assure "A party of young men are planning a theater party. In sending out

ance that the young ladies will arrive home safely?" Inquired Harold.

"Certainly not. The women receiving the invitation to such an affair have the right to expect that their entertainer will see them home. In other words the responsibility is fully understood," said his father.

NO WARNING AGAINST CAMELS; RUMOR FALSE

A rumor that has been current in this city for several days and which has been gaining credence among cigarette smokers, to the effect that a government warning against the use of Camel cigarettes had been posted in the post office, is false.

It was rumored that the government poster warned against the use of this brand of cigarette, alleging that two cases of leprosy had been discovered in the factory where they are made. The rumor gained considerable circulation and led to the avoidance of use of Camel cigarettes and in many cases smokers of that brand tossed any Camels they had away on hearing it.

Postmaster Harry E. Rice said Friday that no such poster had been on display in the lobby of the post office. At present there is none there, and it is the statement of the postmaster that he has not received any such placard for posting purposes.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that becomes unbearable and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. Address Medical Director, 110 Swift Laboratory, Atlanta, Ga.

Buy Your FORDSON Tractor Now

MAKE SMALL DEPOSIT AND WE WILL HOLD IT FOR SPRING DELIVERY. WE ARE BOOKING ORDERS EVERY DAY.

The Farmers Power Plant

Now is the logical and safe time to buy your Fordson Tractor. Farm tractor manufacturers know that more machines will be wanted during this coming year than can be supplied.

This is particularly true in regard to the Fordson. Its popularity has created a demand that makes it certain, that some farm owners, desirous of obtaining the Fordson, must be disappointed.

Get your order in early. Make sure of getting the Fordson on your farm quickly so that you may become thoroughly familiar with its operation and be able to use it to the best advantage right at the beginning of your spring work.

We carry a full line of parts for the tractor ready for you when you need them you can get any repair. No waiting for slow mails or express service.

Phone us to come and see you—or drop in and see the Fordson.

Full line of Implements, always in stock.

Lets get together and close up the deal and be ready for delivery.

That is true, but I feel that someone ought to be looking after the more unfortunate children. My children are among the fortunate ones, and it is this that steels me to go to the House of Commons to fight the fight not only of the men but of the women and children of England.

"In her home Lady Astor has all the chic and fluffiness and femininity in her apparel that the most superficial could desire. Here, at least, she is all woman. She rises early, and her first waking hour is devoted to the study of the Bible. Then some time is given to her children—her 'babies,' she calls them—from twenty-one-year-old Robert, better known as 'Bobbie,' to eighteen-months-old John Jacob, a dear bit of a man child who laughs from peep of day to fall of night."

HOUSES TO FIT FAMILIES.

A speaker before the Massachusetts Chamber of Commerce recently urged the necessity of "accommodating houses to families," if the housing shortage were to be met soon and satisfactorily.

A large family needs a large house, while the smaller family can live quite comfortably in the smaller house and the newly wed couple requires the least space of all. At present, of course, most people are thankful to live in anything they can get hold of. But that does not meet the situation.

It is neither wise nor practical to build a lot of three or four room houses for the small families. They are the ones who should live in flats and apartment houses. While the shortage exists, the separate house for a family unit should go to the bigger group that needs it.

The way to bring about this happy state of things, the speaker said, is for corporations and manufacturing concerns to co-operate with their employees in securing homes for the latter.

A news item reads that after a hard fight the Suffrage Amendment carries in West Virginia. That fact ought to permit some of our cautious politicians to appear from behind the camouflage, and join the ranks with "I was for it all the time" statement.

When the question of to what use they would put their bonus, was placed before a few of our local soldiers, the consensus of opinion seemed to be that a cane would probably be the most useful article for that time, and that a very nice one ought to be obtainable at that price.

An industrial comeback is predicted for the Germans, and if this is the case, shopping ought to become a more difficult task for those who are under oath never to buy any German made goods, unless the familiar trade mark "Made In Germany" is omitted.

Rippling Rhymes

By Walt Mason

THE POPULAR GAME.

EVERY one is profiteering, every one is profit-struck; no one's pleased unless he's clearing ninety cents on every buck. I would buy myself some clothing—something self-worn would suffice—but my soul is filled with loathing when I contemplate the price. I would buy a slab of bacon, but the man who sells the same by his conscience is forsaken, and his prices are a shame. I would like to paint my shanty, whose appearance is a frost, but the burning words of Dante can't do justice to the cost. Now and then I go a-questioning for the reason for this craze; and the blame is always resting on some distant nameless jays. Oh, the blame is never local. It is always most remote; and each man, profanely vocal, says some others get his goat. Vain is all our loud resistance to the graft that makes us sick; always in the hazy distance are the knaves who do the trick. Always in elusive shadow is the profiteering group, which has found its El Dorado, while consumers find their soup. Far away the robbers shameless who harpoon us through and through; and your merchant prince is blameless—he gets stung as well as you.

TWENTY YEARS AGO

Mr. Fred Maddux, who is attending school at Culver, Ind., is home on a visit.

The friends of Mr. Charles Munger will be sorry to learn that he has been on the sick list for several days and is threatened with pneumonia.

Fire destroyed ward A. of the hospital at the O. S. and S. O. Home this morning. The ward was a small one-story building in the rear of the main building.

Mr. James Swindler, who has been employed some time at the Barnett saw mill, will go back to his old business of railroading, and went to Cincinnati this morning to get a position on the Pan Handle as extra brakeman.

In the window of Frazers shoe store is a display of ladies shoes, the product of the Xenia shoe factory. The shoes are stylish and handsome.

Mr. James Coursey, who has for several years been employed as a clerk at Ed. Schmidt's grocery, will go into the grocery business for himself in a vacated room on East Main street.

EVERYDAY ETIQUETTE

The invitations should we give assure. "A party of young men are planning a theater party. In sending out

ance that the young ladies will arrive home safely?" inquired Harold.

"Certainly not. The women receiving the invitation to such an affair have the right to expect that their entertainer will see them home. In other words the responsibility is fully understood," said his father.

NO WARNING AGAINST CAMELS; RUMOR FALSE

A rumor that has been current in this city for several days and which has been gaining credence among cigarette smokers, to the effect that a government warning against the use of Camel cigarettes had been posted in the post office, is false.

It was rumored that the government poster warned against the use of this brand of cigarette, alleging that two cases of leprosy had been discovered in the factory where they are made. The rumor gained considerable circulation and led to the avoidance of use of Camel cigarettes and in many cases smokers of that brand tossed any Camels they had away on hearing it.

Postmaster Harry E. Rice said Friday that no such poster had been on display in the lobby of the post office. At present there is none there, and it is the statement of the postmaster that he has not received any such placard for posting purposes.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. Address Medical Director, 110 Swift Laboratory, Atlanta, Ga.

Tailored Hats \$3.95 and up
Trimmed Hats \$5.95 and up

Jobe Brothers Company

Buy Your FORDSON Tractor Now

MAKE SMALL DEPOSIT AND WE WILL HOLD IT FOR SPRING DELIVERY. WE ARE BOOKING ORDERS EVERY DAY.

The Farmers Power Plant

Now is the logical and safe time to buy your Fordson Tractor. Farm tractor manufacturers know that more machines will be wanted during this coming year than can be supplied.

This is particularly true in regard to the Fordson. Its popularity has created a demand that makes it certain, that some farm owners, desirous of obtaining the Fordson, must be disappointed.

Get your order in early. Make sure of getting the Fordson on your farm quickly so that you may become thoroughly familiar with its operation and be able to use it to the best advantage right at the beginning of your spring work.

We carry a full line of parts for the tractor ready for you when you need them you can get any repair. No waiting for slow mails or express service.

Phone us to come and see you—or drop in and see the Fordson.

Full line of Implements, always in stock.

Lets get together and close up the deal and be ready for delivery.

Resinol

is what you want for your skin trouble—Resinol to stop the itching and burning—Resinol to heal the eruption. Scratching makes it worse, besides being embarrassing and dangerous. But the smooth gentle ingredients of RESINOL OINTMENT often overcome the trouble promptly, even if it is severe and long-established. Bathing the affected part first with RESINOL SOAP hastens the beneficial results. Resinol products at all druggists.

JENKINS DESIRES TO BECOME CITIZEN OF MEXICO, REPORT

Mexico City, March 12.—William O. Jenkins, American consular agent at Puebla, who was arrested on the charge of conniving with rebels for his own abduction, has sent a communication to the department of agriculture offering to renounce his American citizenship and become a resident of Mexico in return for a water right concession on the Tequizausti river in the state of Tlaxcala, it was announced today. The offer is based upon article 27 of the Mexican constitution.

Jenkins is said to plan to use the water power for a hydro electric plant to operate his cotton mill near Puebla.

BLACK AND WHITE SPORT OUTFIT OF SILK IS NOVELTY

Here is one of the most striking costumes for sport wear which has been shown this season. It is a youthful model developed in black and white. The corded silk skirt has a narrow belt from which are suspended two triangular shaped side panels, both of which are heavily embroidered in black. The blouse harmonizes with the skirt in that it is trimmed with a small black and white silk tie and black and white buttons.

Legal Notice

In pursuance of an order of the Probate court of Greene County, Ohio, I will offer for sale at public auction, on the 20th day of March, 1920 at 10 o'clock a. m., at the west door of the court house in the City of Xenia, Greene County, Ohio, the following described real estate:

Situate in the County of Greene and State of Ohio and in the township of Beavercreek, to-wit:

Tract 1. Being part of the Military Survey No. 677; Beginning at a stone in the north line of the Dayton, Xenia and Belpro R. R., and 25 feet from the center of the track and from a burr oak 30 inches in diameter bears N. 31.5 deg. E. 47.5 links; running thence W. with the north line of said railroad S. 83 1-4 deg. E. 17.3 poles to a post; thence N. 70 deg. E. 3.40 poles to a stone; thence S. 53 1-4 deg. E. 36.03 poles to a stone in said line of said railroad 50 feet from the center of same; thence N. 6 deg. E. 30.12 poles to a stone in the south side of Dayton and Xenia turnpike (now abandoned); thence along said abandoned pike on the south side thereof D. 70 1-4 deg. W. 9.44 poles to a stone; thence S. 57 deg. W. 24 poles to a stone; thence S. 71 1-4 deg. W. 12 poles to a stone; thence 80 deg. W. 16.57 poles to a stone; thence S. 6 3-4 deg. W. 1.76 poles to the place of beginning, containing 4.75 acres, more or less. Excepting from the aforesaid premises a strip of land heretofore conveyed by Laura Lincoett to Albert Emanuel for a right of way for railroad. Also a certain right of way for complete description, see Deed Rec. 86, page 564, Deed Records of Greene County, Ohio. Excepting also therefrom a piece of ground containing 34-100 of an acre, and being the same premises conveyed by Margaret Fry and Riley Fry to J. H. Mullen, dated Feb. 3rd, 1902.

Tract 2. Situate in the same County State, Township and Survey and bounded and described as follows: Beginning at a stake on the south bank of the Little Miami River corner to Alice Q. Lucas; thence with the meanderings of said river S. 60 deg. W. 22 poles to a stake; S. 62 deg. W. 18.04 poles to a stake on the bank of said river corner to J. A. Whitacre; thence with his line S. 11 deg. W. 5.53 poles to a stake corner to Riley Fry in the line of said Whitacre; thence with the line of said Fry N. 80 deg. E. 2.50 poles; N. 71 deg. E. 13 poles; N. 57 deg. E. 24 poles; N. 70 deg. E. 15 9-14 poles to a stake corner to said Fry in the line of aforesaid Lucas; thence with her line N. 3 deg. E. 10.40 poles to the place of beginning, containing 2 acres of land. Excepting therefrom a road way along the south line of said tract 29 feet wide heretofore conveyed to Riley Fry, leaving 1.64 acres of land, be it the same more or less.

This property is located at Trebina on the Dayton and Xenia pike. Said premises were appraised as a whole at Twenty-one Hundred Dollars (\$2,100.00) and must sell for not less than two-thirds (2-3) of the appraised value.

TERMS OF SALE.
One-third (1-3) cash; one-third in one year and one-third (1-3) in two years, deferred payments to be secured by a first mortgage of the premises sold, or the purchaser may have the option of paying all in cash, if he so desires. Said premises are sold by order of the Probate Court in certain proceedings brought by J. O. Fry, administrator of the estate of Margaret Fry vs. Riley Fry et al. to pay debts of said estate.

BEAUTY CHATS

EDNA KENT FORBES

We are returning again to a season of flat-chested, round-shouldered women, if one may judge by the women and girls seen on the streets and in places of amusement. There are certain styles of clothes, which seem to cover up this defect of slouching and which even if the slouchiness is not too pronounced, make it seem rather graceful. But the present styles are not of this sort. The tendency towards low neck and short sleeve, even on street dresses, calls for a well developed chest, a straight back and well rounded arms.

Therefore, you must watch yourself to see that you are not slumping into awkward postures. If you are inclined to drop the chest and bend the back into a semi circle when you sit down, either choose large cushioned chairs where you can lean back comfortably relaxed, or else lie down when you are resting. That is one common cause way of avoiding round shoulders since under those circumstances, you must keep your back flat and consequently keep your chest out.

For the rest of the time, you must simply watch yourself and when you find yourself slumping awkwardly in a chair, pull up and sit erect. If you wish a simple exercise to practice to overcome round shoulders, stand up straight with the hands held out before you, the arms on the level with the shoulders. Fling them back as far as you can get them, always keeping the arms at shoulder level, and then bring them forward into the first position. Repeat this about 15 times and do it every day.

Questions and Answers.

Red Chin—I should advise you to keep on with the yeast treatment for several months, for I think it will do your complexion a lot of good. After as

Sure Death to Corns

"Geta-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Geta-It" does when it lands a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

Soon, it is almost ready to fall off. You help it just a little by lifting it off with thumb and finger. You don't even feel it because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method. "Geta-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Mfgd by E. Lawrence & Co., Chicago.

Sayre & Hemphill and D. D. Jones.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs. Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

The same standard of purity strength and excellence is maintained in every bottle of Swamp-Root. It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in spoonful doses. It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Gazette or Republican.

DELIVER TESTIMONY TO I. W. W. JURY

Montesano, Wash. March 12.—Instruction to the jury in the Centralia murder trial were delivered today. The case may go to the jury tonight. A speedy verdict is looked for despite the number of defendants. Arguments on the court's instructions probably will take up the remainder of the day. C. D. Cunningham, for the prosecution, will make the first argument, followed by attorneys for the defense. Elmer Smith and George F. Vandever culminating with the final argument of the trial to be delivered by Prosecuting Attorney W. H. Abel.

Mrs. J. C. Huston of North Detroit street has been confined to her bed for the last two weeks with nerve and stomach trouble. She is showing some improvement the last day or two.

Mary Pearl, the one-year-old daughter of Mr. and Mrs. George Dean of East Church street, who has been ill of pneumonia for the last week, was showing a little improvement today.

SUFFERED 8 YEARS WITH RHEUMATISM

Prescription C-2223 Gave Relief.

Mr. Will Parks, of Manor, Texas, writes October 8th, as follows: "I suffered from rheumatism for eight years. After taking Prescription C-2223, I found it to give wonderful relief. I will always recommend your treatment to those suffering from this same trouble."

There are many reasons why Prescription C-2223 is so successfully used by those suffering with rheumatism, lumbago, gout and sciatica. A doctor spent years perfecting his treatment for these dread diseases, now known as Prescription C-2223. You can now buy it at any drug store ready prepared, at less than the price which your have to pay a doctor for prescribing, to say nothing of the cost of the medicine. Again Prescription C-2223 is guaranteed to give you relief. The present owners of this splendid treatment are so sure that you will be benefited that they authorize all druggists to return your \$3.00 if two \$1.50 bottles do not give you relief.

In taking Prescription C-2223 a vegetable cathartic is needed—something that will stimulate the flow of bile and regulate the bowels. 2223 Liver Pills do not sicken or gripe. One is a dose and but two or three need be taken every two weeks. If your druggist will not supply you with Prescription C-2223 and 2223 Liver Pills, one \$1.50 bottle and a box of Pills will be sent you postpaid on receipt of \$1.75. Write Department 127, 2223 Laboratory, Memphis, Tenn., for literature, 1920 Almanac and sample of the Pills.

BEAUTY CHATS

EDNA KENT FORBES

SIT UP STRAIGHT. prolonged an attack of pimples as you have had. A certain parasite seems to form in the skin which keeps it in a constantly irritated condition. One of the best things you could do would be to use either sulphur ointment or ammoniated mercury on the face every night after you have washed it thoroughly with hot water and soap. I am publishing next week a drying lotion which is very good for just this condition.

DO not lump when you sit down

Therefore, you must watch yourself to see that you are not slumping into awkward postures. If you are inclined to drop the chest and bend the back into a semi circle when you sit down, either choose large cushioned chairs where you can lean back comfortably relaxed, or else lie down when you are resting. That is one common sense way of avoiding round shoulders since under those circumstances, you must keep your back flat and consequently keep your chest out.

For the rest of the time, you must simply watch yourself and when you find yourself slumping awkwardly in a chair, pull up and sit erect. If you wish a simple exercise to practice to overcome round shoulders, stand up straight with the hands held out before you, the arms on the level with the shoulders. Fling them back as far as you can get them, always keeping the arms at shoulder level, and then bring them forward into the first position. Repeat this about 15 times and do it every day.

Questions and Answers.
Red Chin—I should advise you to keep on with the yeast treatment for several months, for I think it will do your complexion a lot of good. After as

LADY ASTOR IS AGITATING "DRY" GREAT BRITAIN

London, March 12.—William ("Pussfoot") Johnson is in danger of being overshadowed in the fight to make Great Britain dry by Viscountess Astor, despite his spectacular entry into the fray.

Viscountess Astor who already has opened her campaign in parliament, is determined to see the battle through to a finish, although her aims are less drastic than those of the extremist faction led by Mr. Johnson.

In outlining her attitude today she declared that she is not a prohibitionist in the strictest sense of the word. While she wants to see the British Isles "bone dry," he believes that restriction and control of the drink question should be the first step in the gradual reforms that would eventually end in prohibition such as the United States has at present.

The American born Viscountess takes a practical view of the temperance struggle. She declared that she is not a "woman with a mission," but merely trying to "do her bit," to make the people happy.

"While the whole world is apparently moving towards prohibition I think that England today is not ready for it," declared Viscountess Astor. "Prohibitionists want a whole apple or none. I will accept a half an apple or even a quarter of one."

"I fail to see where intoxicating liquor has done any good in this world. I believe that its effect should be minimized as much as possible and its use restricted."

"The important thing is to protect the coming generation from drink. No father wants his children to fall under the influence of alcohol."

"There is another feature. The workmen must have some recreation other than the degrading beastiality of booze. His interests can never be looked after so long as the breweries are in charge of our liquor business. The first step, therefore, is state ownership of breweries, distilleries and public houses."

"When they are operated by the state public houses must be made to provide good food, coffee and cocoa and push the sale of these as well as beer and whiskey. Public house owners now aim to fill up the customer with liquor to the point of intoxication."

"The breweries and public houses

can be obtained only by purchase. The British love of fair play would not permit confiscation. The voters I believe should have submitted to them by districts three choices: (a) Continuation of the liquor business as at present; (b) State ownership and control; (c) Prohibition.

"When the truth dawns upon the workingman he is going to demand changes so as to help create a better England. He is not going to be the alcoholic bully who deprives his own offspring of possible advantages. Personally, I do not pose as 'my brother's keeper.' I have no wish to prohibit any person from having his glass of beer. But I am deeply interested in arousing this nation to its manifest duty of cleaning itself of John Barleycorn's worst features and heritage."

ST. BRIGIDS WIN ANOTHER GAME

Completely outclassing their opponents, the St. Brigids Meteors scored their tenth straight victory at the rink Thursday night, defeating the St. Marys Marians, 28-12.

The Marians were weak and did not show anything in the way of basket shooting. The guarding of the locals was high class, they gave the opposing forwards a world of trouble throughout the contest. The Meteors have all broken out with field goals in the first minutes and ran their total up to 15 while the visitors were garnering a couple of fouls in the initial period.

The Dayton quintet performed better in the second session and annexed ten points, while the locals were hanging up thirteen more. Neville and Hendrickson were the chief point getters for the green and white five field goals to their credit. Leahy and Gallagher at guards played their usual good floor game. Lambert was the shining light for the

visitors securing four field goals and a foul. The lineup and summary: Meteors (28) Marians (12) Purdom..... If..... Lambert Neville..... If..... Roderer Hendrickson..... c..... Dusch Gallagher..... c..... McIntosh Leahy..... rg..... Lambert Substitutions, Meteors, Hollencamp for Gallagher; Marians, Meyers for Roderer. Westbrook for McIntosh. Scoring: Meteors, Field Goals, Neville 5, Hendrickson 5, Leahy, Purdom, Hollencamp. Foul Goals, Neville, Gallagher. Marians, Field Goals, Lambert 4, Roderer. Foul Goals, Lambert, V. Lambert. Referee Ratchford. Time, 20 minute halves.

J. P. FOODY POST ELECTS NEW SET OF OFFICERS

Endorses Action Of
A. L. On Bonus
Question.

Joseph P. Foody Post No. 95 of the American Legion, elected a new set of officers for 1920 and unanimously endorsed the action of the American Legion in its efforts to secure \$50 a month for ex-soldiers, sailors and marines for each month of their service, at a meeting which was held Thursday night.

Ohmer Tate was elected post commander, succeeding Captain Charles L. Darlington, who was not a candidate for re-election. Other post of-

ficers elected are Vice Commander, Arthur Kelly; Adjutant, Thomas Gilroy; Finance Officer, Fred Schultz; Historian, James P. Kyle; Chaplain, Dr. Ben R. McClellan.

An executive committee of ten members, was named, consisting of the four chief officers, and the following six additional men: William J. Smith, L. C. Tingley, Dr. C. G. McPherson, O. R. Jones, Thom; McClelland and David Bradfute.

Into the resolution endorsing the efforts to secure additional bonus for ex-service men, was incorporated the following:

"The Post notes that many congressmen now carefully guarding the treasury are unwilling to give the soldiers any back pay, although the wages of civilians in the employ of the War Department, were advanced four and five times during the war, but were not so careful during the war when it came to wasting billions for the benefit of a comparatively few war profiteers."

A copy of the resolution will be forwarded to congress.

M'MANUS' DEFEATS BAXTER; 6 ROUNDS

Eddie McManus of Dayton, who will appear on the next boxing card of the Xenia Athletic Club, defeated Don Baxter of Lima, at the latter place Wednesday night, in six rounds.

The Lima boy could not touch McManus anywhere in the go, while the latter packed a powerful punch and had his opponent on the ropes at one time. Baxter is the lad who recently beat Phil O'Dowd of Columbus, who beat McManus in Dayton several days ago.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores
Its Natural Color and
Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores. Known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

ton several days ago.

Battling Davis, who is also on the local card fought a newspaper draw ten rounds with Joe Lehman of Toledo.

Lee Magee to Fight 'Black-list' in Courts.

Lee Magee, recently turned adrift by the Chicago National League Baseball Club, and who is now unable to obtain a berth with any other major league club, has announced his intention of fighting his alleged "black-listing" by the Chicago Club in the courts. Magee claims that his major league record does not justify his waiving out of the league.

SAYS LUMBER PRICE BEYOND JUSTIFICATION

Declaring that the wholesale price of lumber is beyond justification, and is a detriment to the consumer and retailer, retail lumber dealers of Clark, Champaign and Madison counties at a meeting in Springfield, Thursday night passed a resolution which they believe offers a remedy for the existing condition.

The resolution reads: Whereas: The price of lumber has advanced by leaps and bounds during the past year and has reached a point detrimental to the interests of the consumer and retailer; a price far in excess of any price justified by the cost of stumpage, saw milling or transportation, and

Whereas: There is apparently an organized effort to continue these unwarranted advances by taking advantage of the crying needs of the country, therefore, be it

Resolved: That this is the sense of District Number Nine of the Ohio Association of Retail Lumber Dealers Association, embracing dealers of Clark, Champaign and Madison counties—that we deprecate as unpatriotic the tendency of the lumber manufacturers and loggers to exploit the country's necessity, and that we further commend the action of the cement manufacturers in pro-rating their output on a stabilized price basis instead of profiteering when there is as great a shortage of cement as there is of lumber; and be it further

Resolved: That irrespective of any action of the manufacturers, each dealer in this district adopt such means as is within his power to guarantee and maintain the retail prices that he is at present quoting, for a period of ninety days or from the present until his present stock is depleted. Be it further

Resolved: That we bespeak for this action, the consideration of other retail lumber organizations. Findley M. Torrence of this city, secretary of The Ohio Association of Retail Lumber Dealers, addressed the meeting on "Publicity."

IS IT YOURS?

This Is the Birthday of
SIMON NEWCOMB
March 12, 1835

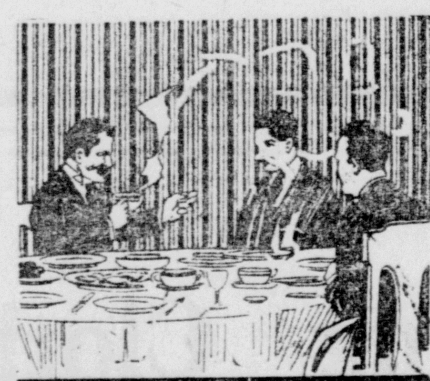

Simon Newcomb, one of the most learned men of his day, was born in Canada of a family which had emigrated from the United States. Most of his education he received from his father, who was a man of great culture and wide reading.

When Simon was 18 years old, he came to the United States to teach, and saved enough money to put himself through a scientific school. He was appointed a professor of mathematics in the United States Navy, with the rank of captain, and was put in charge of making the huge telescope and observatory in Washington, which had been voted by Congress.

He traveled to many parts of the world to observe such astronomical phenomena as the transit of Venus or the various eclipses, and made his life work the computing of the orbits of the planets, with an accuracy never known before.

Some hint as to his wide knowledge may be gained from a list of his books, which include works on Geometry, Trigonometry, Astronomy, The Labor Movement, Finance, Economics, Politics and Differential Calculus.

He held degrees from Columbia, Yale, Harvard, The Columbian University, Edinburgh, Leyden, Heidelberg, Padua, Dublin, and a few other universities; was a member of the two Royal Societies of England, the French Institute, and all American scientific societies, and was a holder of medals from the Russian Czar, the Japanese Emperor, and from most of the other governments.

The Coffee Mother used to make—
I'll tell you how 'twas done—
She boiled it slowly in the pot
And served it when 'twas piping hot.
Oh! mamma—what a drink you got—
For she used Golden Sun.

If you want good coffee go to your grocer for it and not to some peddler who is here today and gone tomorrow. Grocers sell the best brands. The best roasters of coffee refuse to supply irresponsible peddlers.

WHEN YOUR CHILDREN ARE THIN, WEAK AND PALE GIVE THEM THIS

PARENTS IN ARTICLES BELOW SAY IT IS EASY TO
MAKE KIDDIES HEALTHY AND ROBUST
WITH HYPO-COD.

TELLS WHY COUGHS AND COLDS MAKE

THEM WEAK, PALE AND IRRITABLE

They Gain Weight, Eat and
Sleep Better.

NEARLY EVERYONE
NEEDS TONIC NOW

Thin, weak and undernourished children are always catching cold in winter because their vitality is low. They sleep poorly, rest poorly—only half digest their food—and growing fast, it is no wonder they're backward, irritable and cross.

Their eyes and noses run, they turn feverish every little while and stay that way for days because their recuperative and disease-resisting vitality is too weak to throw it off. It is a shame for children in this condition so often contract disease which might have been warded off.

A cough or cold congests the lungs, prevents their blood being oxidized properly and they become weak, nervous, pale and thin for want of vigorous rich red blood in their veins. Surely no wise parent will postpone building them up in such a case.

They need a good tonic. Their digestion and appetite should be improved to take care of the heavier winter foods, hot cakes, meats, etc., which they need in winter and cold days—their lungs should be strengthened to ward off coughs, colds and kindred troubles.

It is very easy to do this, is told by several parents in the articles on the right. They recommend the highly endorsed and nice tasting Earle's Hypo-Cod which children like so well. This famous preparation contains: Syrup of Hypophosphites, a Malt Extract, Iron, Wild Cherry Bark, Wine and Extracts of pure Cod Liver Oil. All the "oily," nasty taste is taken out and it isn't hard to get children to take it at all. Professors, Chemists, Doctors, Nurses and thousands of wise parents recommend it. They know it makes robust, rosy checked, vigorous and healthy children in just a few days, and that this famous preparation contains only the finest ingredients. Each bottle bears the name of the nationally known Earle Chemical company which stands for finest quality in medicine.

Read what the various ones say on the right. Then if you have a boy or girl who isn't strong, vigorous, full of life and vitality—follow their advice, and come down to the store and get a couple of bottles of this superb preparation.

How "quickly" and "thoroughly" even the worst cough or cold will yield is told by thousands who have tried it and the beauty about this treatment is that when you get your system rid of the cough and cold you have also built your self up so strong and well, the next cough or cold won't reach you at all. Be free of such troubles this winter by doing this now.

Lee Magee to Fight 'Black-list' in Courts.

Lee Magee, recently turned adrift by the Chicago National League Baseball Club, and who is now unable to obtain a berth with any other major league club, has announced his intention of fighting his alleged "black-listing" by the Chicago Club in the courts. Magee claims that his major league record does not justify his waiving out of the league.

SAYS LUMBER PRICE BEYOND JUSTIFICATION

Declaring that the wholesale price of lumber is beyond justification, and is a detriment to the consumer and retailer, retail lumber dealers of Clark, Champaign and Madison counties at a meeting in Springfield, Thursday night passed a resolution which they believe offers a remedy for the existing condition.

The resolution reads: Whereas: The price of lumber has advanced by leaps and bounds during the past year and has reached a point detrimental to the interests of the consumer and retailer; a price far in excess of any price justified by the cost of stumpage, saw milling or transportation, and Whereas: There is apparently an organized effort to continue these unwarranted advances by taking advantage of the crying needs of the country, therefore, be it

Resolved: That this is the sense of District Number Nine of the Ohio Association of Retail Lumber Dealers Association, embracing dealers of Clark, Champaign and Madison counties—that we deprecate as unpatriotic the tendency of the lumber men manufacturers and loggers to exploit the country's necessity, and that we further commend the action of the cement manufacturers in pro-rating their output on a stabilized price basis instead of profiteering when there is as great a shortage of cement as there is of lumber; and be it further

Resolved: That irrespective of any action of the manufacturers, each dealer in this district adopt such means as is within his power to guarantee and maintain the retail prices that he is at present quoting, for a period of ninety days or from the present until his present stock is depleted. Be it further

Resolved: That we bespeak for this action, the consideration of other retail lumber organizations.

Findley M. Torrence of this city, secretary of The Ohio Association of Retail Lumber Dealers, addressed the meeting on "Publicity."

IS IT YOURS?

This Is the Birthday of
SIMON NEWCOMB
March 12, 1835

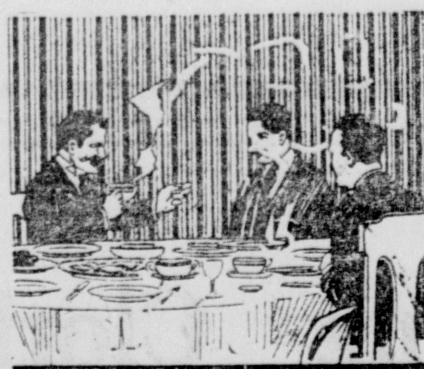

Simon Newcomb, one of the most learned men of his day, was born in Canada of a family which had emigrated from the United States. Most of his education he received from his father, who was a man of great culture and wide reading.

When Simon was 18 years old, he came to the United States to teach, and saved enough money to put himself through a scientific school. He was appointed a professor of mathematics in the United States Navy, with the rank of captain, and was put in charge of making the huge telescope and observatory in Washington, which had been voted by Congress.

He traveled to many parts of the world to observe such astronomical phenomena as the transit of Venus or the various eclipses, and made his life work the computing of the orbits of the planets, with an accuracy never known before.

Some hint as to his wide knowledge may be gained from a list of his books, which include works on Geometry, Trigonometry, Astronomy, The Labor Movement, Finance, Economics, Politics and Differential Calculus.

He held degrees from Columbia, Yale, Harvard, The Columbian University, Edinburgh, Leyden, Heidelberg, Padua, Dublin, and a few other universities; was a member of the two Royal Societies of England, the French Institute and all American scientific societies, and was a holder of medals from the Russian Czar, the Japanese Emperor, and from most of the other governments.

The Coffee Mother used to make—
I'll tell you how 'twas done—
She boiled it slowly in the pot
And served it when 'twas piping hot!
Oh! mamma—what a drink you got—
For she used Golden Sun.

If you want
a good coffee
go to your grocer
for it and not to
some peddler who
is here today and

WHEN YOUR CHILDREN ARE THIN, WEAK AND PALE GIVE THEM THIS

PARENTS IN ARTICLES BELOW SAY IT IS EASY TO
MAKE KIDDIES HEALTHY AND ROBUST
WITH HYPO-COD.

TELLS WHY COUGHS AND COLDS MAKE

THEM WEAK, PALE AND IRRITABLE

They Gain Weight, Eat and
Sleep Better.

NEARLY EVERYONE
NEEDS TONIC NOW

Thin, weak and undernourished children are always catching cold in winter because their vitality is low. They sleep poorly, rest poorly—only half digest their food—and growing fast, it is no wonder they are backward, irritable and cross.

Their eyes and noses run, they turn feverish every little while and stay that way for days because their recuperative and disease-resisting vitality is too weak to throw it off. It is a shame for children in this condition so often contract disease which might have been warded off.

A cough or cold congests the lungs, prevents their blood being oxygenated properly and they become weak, nervous, pale and thin for want of vigorous rich red blood in their veins. Surely no wise parent will postpone building them up in such a case.

They need a good tonic. Their digestion and appetite should be improved to take care of the heavier winter foods, hot cakes, meats, etc., which they need in winter and cold days—their lungs should be strengthened to ward off coughs, colds and kindred troubles.

IT IS VERY EASY

How easy it is to do this, is told by several parents in the articles on the right. They recommend the highly endorsed and nice tasting Earle's Hypo-Cod which children like so well. This famous preparation contains: Syrup of Hypophosphites, a Malt extract, Iron, Wild Cherry Bark, Wine and Extractives of pure Cod Liver Oil. All the "oily," nasty taste is taken out and it isn't hard to get children to take it at all. Professors, Chemists, Doctors, Nurses and thousands of wise parents recommend it. They know it makes robust, rosy checked, vigorous and healthy children in just a few days, and that this famous preparation contains only the finest ingredients. Each bottle bears the name of the nationally known Earle Chemical company which stands for finest quality in medicine.

Read what the various ones say on the right. Then if you have a boy or girl who isn't strong, vigorous, full of life and vitality—follow their advice, and come down to the store and get a couple of bottles of this superb preparation.

How "quickly" and "thoroughly" even the worst cough or cold will yield is told by thousands who have tried it and the beauty about this treatment is that when you get your system rid of the cough and cold you have also built yourself up so strong and well, the next cough or cold won't reach you at all. Be free of such troubles this winter by doing this now.

BOY GAINED 15 POUNDS ON HYPO-COD

Was Weak, Fretful And Subject to Coughs and Colds.

DAD WAS WORRIED ABOUT THE BOY

"My boy's appetite started to improve at once and has been getting bigger ever since until now it seems like he never gets enough to eat. His weight has increased to almost 50 pounds and we have given him only two bottles. I recommend it because of this wonderful change in just a few days and want to say that you will find it mighty easy to give to kids, too. You have to keep it out of their reach like I do, but so well," continued Mr. Workman, 222 Twenty-second street, Bellaire, O.

With the formula right on the bottle, with the name of the nationally known Earle Chemical company guaranteeing only the finest and best ingredients and with the endorsement of physicians, chemists, druggists and nurses besides the testimony of parents everywhere—no one need hesitate about using Hypo-Cod. It is the most palatable, powerful and effective reconstructive tonic made. Read what another parent has to say regarding Hypo-Cod in the article on the right and what still another says about it below.

"I thought when we bought that first bottle of Hypo-Cod that it was just that much money thrown away for the doctor hadn't helped her and we were in despair. It proved, however, that she was powerful and fine that in just a few days our little girl was feeling well and strong again," declared Mrs. E. C. Townsend, whose address is given below.

"Our little girl was weak, thin and delicate and all last year we kept her out of school under the doctor's care, but she didn't improve a bit. When we started giving her Hypo-Cod she was so weak she had no life or energy and just lay around in a stupor. Her appetite was poor but to our surprise it began helping her from the first dose. She got so much better we sent her back to school and has such a dandy appetite we are tickled beyond words. The place of that awful milky white nose and she has so much life and energy it is hard to get her to come into the house except at meal time—she never misses a meal now."

Children are so much more susceptible to lung troubles and diseases than ever care should be taken. There isn't anything wrong with them. They simply need tonic and building up. A tonic is all you need give them and then nature will do the rest. Read what other parents say about this superb preparation and how it does the work in the articles above. Then come down to the drug store and get a couple bottles. Let the whole family take it for a few days—you'll be delighted at results.

BANKERS' LITTLE GIRL WAS WEAK HAD BAD COLD

So Many Told Him to Get Hypo-Cod He Finally Did.

LEFT BANK, GOT A BOTTLE SENT HOME

"How one of Washington's well known bankers, Wm. A. Boy, cured his little girl of a bad cold and built her up is told below. He said:

"My little girl had a bad cold. She had a bad cough which grew very alarming. She was feverish and sneezed and coughed so long and we gave her so many medicines with no result that we became alarmed with her. So many doctors dropping in the bank would tell me about Hypo-Cod being the best thing for such cases, I finally went across the street and had a bottle sent home.

"Her relief was prompt and efficient. It stopped her cough and cured up the cold in a remarkably short time. It gave her a good appetite and built up her strength so nicely that the next day she was back in school. The first thing I would take if I felt ailing in anyway," declared Wm. A. Boy, Cashier of Industrial Savings Bank, Washington, D. C.

Read what still other parents say about Hypo-Cod and the quick results it brings in the articles just below.

HER LITTLE BOY HAD DIPHTHERIA HYPO-COD FINE AFTER ILLNESS

Mother Says Hypo-Cod Made Him Strong and Well.

FINE TO BUILD THEM UP QUICK

"My little boy had a bad case of diphtheria and it weakened him so that I decided he must have a tonic and down at the drug store they told me Hypo-Cod was the best and it surely is for it built up my little seven-year-old boy in a hurry," declared Mrs. L. Goodwin, of Washington, D. C.

"He had no appetite. He didn't sleep good on account of being restless and nervous at night, but since I gave him Hypo-Cod a few days it has built him up wonderfully. The poor little fellow was housed in for a month or more and was looking awfully peaked, but Hypo-Cod brought back his appetite. Made his nerves steady and he sleeps like an angel. The color came back in his cheeks and he is so much stronger. It isn't hard to get him to take this medicine at all. It is the grandest tonic for weak, run-down children I ever saw," continued Mrs. Goodwin, 635 E. St., N. E.

Scores of "mothers" in the same beautiful neighborhood in which Mrs. Goodwin resides are equally enthusiastic about Hypo-Cod for little people. It builds them up quick. Write to Earle, Chem. Co., 1110 West 12th St., Seattle, Wash., for a free booklet and sample bottle. Let the whole family take it for a few days—you'll be delighted at results.

HE DIDN'T THINK HIS CHILD WOULD EVER BE STRONG

Little Boy's Weakened Condition Worried His Wife.

HYPO-COD BUILT BOY UP QUICKLY

"We had almost concluded that our little boy would never be strong and well like other children. He was so weak and delicate it worried his wife a great deal, but the other day she picked up the paper and after reading where other folks' children were being strengthened by Earle's Hypo-Cod, instead of I get a bottle while downtown. I did and I'm mighty glad I did, too, for we noticed after he had taken a few doses as directed that he began eating more and sleeping more restful and quiet. Then he began picking up and kept getting stronger every day. We were delighted and it did the work just as they said it would so we have no reason in the world for not recommending it to the sky," declared Mr. Wm. Lamb, 962 Indiana Ave., Youngstown, O.

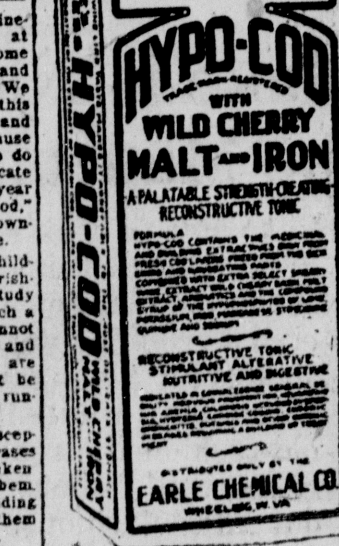

Read what still other parents say about Hypo-Cod and the quick results it brings in the articles just below. You'll be delighted.

TOO WEAK TO GO TO SCHOOL HYPO-COD MADE HER STRONG

"If anyone doubts the genuine-ness of this statement, they are at liberty to call on us at our home here in Akron at 1121 Getis street and we will be glad to show them. We (my husband and I) are making this statement of our own free will and without inducement, simply because everybody ought to know what to do when a child is weak, thin and delicate like our little girl was for a solid year before we found out about Hypo-Cod," continued Mr. and Mrs. E. C. Townsend, whose address is given above.

Statistics show that half the children in our schools are undernourished, weak and frail. They cannot study nor do justice to their mental in such a condition of health. They cannot stand exposure to wintry weather and avoid coughs and colds. They are growing too fast and should not be permitted to stay in such a weak, run-down state of health.

Children are so much more susceptible to lung troubles and diseases than ever care should be taken. There isn't anything wrong with them. They simply need tonic and building up. A tonic is all you need give them and then nature will do the rest. Read what other parents say about this superb preparation and how it does the work in the articles above. Then come down to the drug store and get a couple bottles. Let the whole family take it for a few days—you'll be delighted at results.

Note—We prepare large bottles of the genuine Earle's Hypo-Cod anywhere. Use record of price, 1110 West 12th St., Seattle, Wash. Get a bottle at the store today or have it sent out to you.

Cough Remedies

Got a bad cough? One of those racking ones that keep you awake at night and give you splitting headaches?

Better come in right away and secure a remedy which can be depended upon to relieve and help you. Don't wait until your cough grows worse. Come in today and check it now.

And if you want a prescription filled, send it to us. We are fully equipped with modern facilities for properly filling it. In fact, we believe that we can render service which will make you a steady patron.

Let us try to satisfy you. We can do it.

MRS. J. B. ELAM DIES ON THURSDAY

Mrs. John B. Elam, died at her home in Indianapolis, Ind., Thursday, after a protracted illness, the last ten days of which had been critical.

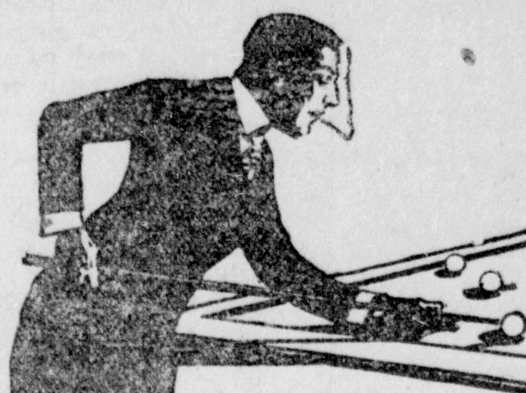

Mrs. Elam was born in Oxford, Ohio, and was the widow of the late John B. Elam, who was born and raised at Spring Valley, and who later became a prominent attorney in Indianapolis. He died about four years ago.

Mrs. Elam was prominent in charity work, and at one time served as president of the Indiana state conference of charity organizations. For many years she was president of the board of trustees of Oxford Female College. She had frequently visited relatives in Greene County. One son, Harvey J., an Indianapolis attorney, survives.

Mr. and Mrs. C. M. Fulkerson of Spring Valley and Harvey Elam of this city will attend the funeral at Indianapolis Saturday afternoon.

"An all-around good shot. That's us."

SIMS REVEALS CABLE FROM NAVAL CHIEF BEFORE COMMITTEE

Washington, March 12—Admiral Benson, chief of naval operations during the war, expressed his surprise and disappointment that no definite plan of operation of the combined forces of the allied naval powers has been taken up and decided on long ere now, in a cable to Admiral Sims at London late in September, 1917, Admiral Sims today told a senate committee investigating his charges against the navy department.

The cable was in response to a recommendation by Sims that a battle-ship force be sent to reinforce the British Grand Fleet.

Admiral Benson pointed out to Sims the unwillingness of the navy department to split our naval defense for such a purpose because "our strategic situation requires keeping the battle ship force concentrated."

Benson urged on Sims the necessity of arranging "some definite plan of operation at the earliest possible date, and if nothing can be done this fall and winter, as soon as the spring of 1918 opens."

MRS. J. B. ELAM DIES ON THURSDAY

Mrs. John B. Elam, died at her home in Indianapolis, Ind., Thursday, after a protracted illness, the last ten days of which had been critical.

Mrs. Elam was born in Oxford, Ohio, and was the widow of the late John

School Closed
School has not yet opened up at New Germany, where fire destroyed the school house a few days ago. No school at Trebeins, first three days this week, owing to sickness of the teacher, Miss Maxey.

Enters Tournament
The basketball tournament at Antioch College will be well attended from this section today and Saturday. The Beaver team has entered the contest.

Live in Xenia
The Misses Hastings, Fiers and Oglesbee, teachers in the Beaver High school, are boarding and rooming in Xenia at present, caused by the sickness of Mrs. Jacob Gerlaugh with whom they have been staying.

Change Residences
Among those who have changed residences in the last few days are the following: Fred Barnard into their remodeled home; F. P. Sayrs into the house vacated by Mr. Barnard; Jesse Turner into the house from which Sayrs moved; Benj. Ferris into the property he recently purchased of George Coy. Mr. Coy moving into the house near traction stop; Lambert Neff moving into the house purchased of Fred Barnard, and Mr. Rock into house formerly occupied by Neff.

Phyllis Hubbell is improving slowly from a weeks illness. Quite a number went from here to Dayton to be present at the "Hamlet" play. All report they were well entertained.

FIRE DESTROYS FLOUR COMPANY

Cleveland, O., March 12.—Fire this morning destroyed the Folsom Flour and Feed Company plant here, causing a loss of \$30,000. Three firemen were injured and a score of persons driven from their homes by a fire which partly destroyed a four story business and apartment building at Scoville avenue and East 24th street. Loss \$75,000.

WAR RENEWAL AGAINST TURKEY

London, March 12.—The possibility of a renewal of the war against Turkey by the allies was pointed out today by Major General Maurice in a review of the Asiatic situation. Major General Maurice was director of operations at the war office during the world war and it was his task to analyze the big military movements for the press.

TWO CHEAP FRUIT CAKES
Fruit Cake No. 1—One cup of syrup, one-half cup of brown sugar, one-half cup of shortening, one egg.

Cream well and then add three cups of flour, one-half cup of cocoa, three level tablespoons of baking powder, one cup of black coffee, one level tablespoon of cinnamon, one teaspoon of nutmeg, one-half teaspoon of cloves, one-quarter teaspoon of ginger, one package of seedless raisins, one cup of seeded raisins, one cup of finely chopped peaches, one cup of finely chopped prunes.

Mix and bake in well greased and floured pan, which has been lined with a greased and floured paper. Bake in slow oven for one hour.

Fruit Cake No. 2—Place in a sauce pan one cup of syrup, one cup of coffee, one-half cup of shortening, one-half cup of cocoa, one-half cup of brown sugar, one package of raisins, one and one-half cups of finely chopped peaches, two teaspoons of cinnamon, one-half teaspoon of nutmeg, one-half teaspoon of allspice, one-half teaspoon of cloves.

WIRELESS WILL BE ESTABLISHED

London, March 12.—Wireless telephone conversations between London and New York "within a few weeks" were predicted today by officials of the Marconi Wireless company as a result of tests that have just been made between this city and Rome.

Bring to a boil and then set back on the stove and let cook very slowly for ten minutes. Turn into a mixing bowl and let cool. Now add five cups of sifted flour, four level tablespoons of baking powder; beat to thoroughly mix and then turn into well greased and floured pan and bake in a slow oven for fifty-five minutes. Cool. Now to ripen or age.

Place one glass of spiced jam in a bowl and add one tablespoon of cocoa, one teaspoon of cinnamon, one-half teaspoon of nutmeg, two tablespoons of vanilla extract. Beat to thoroughly mix and then spread over the cake. Set the cake in a deep aluminum sauce pan or stone crock and put in a warm room to ripen, until just before wanted. Then remove the cake from the crock and wipe with a cloth which has been wrung very dry from hot water, then ice with chocolate icing.

TESTED RECIPES

Chili Con Carne—One can tomatoes, one can kidney beans, two medium onions, three slices bacon, one pound ground round steak, one teaspoon salt, one-half teaspoon pepper, one teaspoon chili pepper, one tablespoon sugar, three tablespoons vinegar.

Cut bacon in small pieces, fry brown. Fry onions in bacon fat, add tomatoes, kidney beans, ground meat and seasoning.

English Cake—One pound currants, one pound flour, one-half pound butter, dessertspoon baking powder, one pound sugar (white), two ounces candied peel, four eggs, Flavor with almonds.

Mix all dry ingredients first, well-beaten eggs and flavoring last. Bake two hours in not too hot oven. Ice over when cold.

MARION CO. FARMER CAN SEE DECIDED CHANGE IN SELF.

Was taking medicine all the time but none seemed to hit the right spot.

ALWAYS BILIOUS

Restless, nervousness, bad taste in mouth, but the great herb remedy Dreco knocked it out for him.

"I had to be taking medicine all the time, yet I didn't seem to be getting rid of my troubles till one day I got some Dreco and it went right to the bottom and cleaned me out," said Mr. Geo. Gelder, the well-known farmer, near Caledonia, Marion Co. O.

"I was bilious all the time; had headaches, dizzy spells, bad taste in my mouth and my breath was foul. I was so restless and nervous that I couldn't get a night's sleep. My stomach didn't seem strong enough to digest my food and dyspepsia had a hold on me.

"I bought some Dreco, as I heard it spoken of very highly, and that the first medicine that ever did me any real good. It got my bowels moving nicely, cleaned the excess bile from my liver, which relieved my head aches and stopped the dizziness. My nerves calmed down so that my rest at night was good. My stomach feels a great deal better, being free of gas and no griping pains. Dreco sure did help me, and I see a decided change in my condition."

The old-fashioned roots and herbs are the best medicines for us to take. Dreco contains the juices and extracts of twelve different herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood. Get Dreco today.

All good druggists sell Dreco and it is highly recommended in this city by Sohn's Drug Store.

Sore Throat, Colds

Quickly Relieved by Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief. Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

BITTER WORDS

Chapter 75

I saw very little of Mary Ryan save at the shop. She was so busy with Gardner and her English teacher that she seldom was free in the evening, and we missed her dreadfully. I think perhaps Bob missed her bright clever chatter more than I did.

I had not told her anything of Robert's attitude toward finances. In reality I did not think it would last—therefore, why talk about it? But as the days passed and he adhered to his resolution—although I knew he often was without money by the time the week was over—I became worried, then annoyed and a bit angry. Why couldn't he be sensible?

I hated this running out every night for my dinner. While it had been a change at first, the season was now in full swing, and tired as I was, it was a terrible effort to brace up and run about restaurants. I never thought the time would come when I would long for Mrs. Lane's dining room. But there were many nights when I could have cried, the longing to go home and eat my dinner was so strong.

I never let Robert know this, however. I had become a little afraid as to what he might do.

It was the little change in Robert's attitude that hurt me the most. He never brought me a flower or a box of candy, as he used to. I knew he had no money, yet I felt aggrieved

that he neglected the little attentions you drink."

he at first never failed to give me. Then, too, he was growing careless in his manner. I realize now that it was absent-mindedness more than anything else. But he failed to recognize the little amenities of social life of which a woman thinks so much.

"Robert, you must not be so careless!" He had stalked into the restaurant ahead of me, then sat down at the table before I had.

"Careless about what?"

"About little things. You used to be so polite, so gallant, and now you act sometimes as if you did not know what was proper at all."

"I am too busy thinking, I guess. Excuse me if I have done some gauche thing."

He didn't even know to what I had referred.

"Thinking about what?"

"Whether to go on working for Burch or commit suicide." Not a glimmer of a smile lightened his somber face.

"What are you talking about?"

"You wanted to know what I was thinking about and I told you."

"Nonsense!"

"It IS nonsense to hesitate isn't it?"

"Robert Meredith, have you been drinking?"

"No, unfortunately. It is only because I had no money to buy a drink with that I haven't been though."

"Please, Robert, don't talk like that. It makes me so unhappy when

"I can't see that you are uproariously happy when I do not."

The tears were very near, and I was thankful to see the waiter hovering in the offing with the check. I had ordered as simply as had Robert, and rose from the table, unsatisfied. I would not allow my check to exceed his, and often ate a hearty lunch because of the need of more food when I worked so hard. But I had remained at work all that luncheon hour, one of the girls bringing me a sandwich. That, combined with what I considered Robert's unreasonable attitude, made me feel so discouraged that as soon as I reached the street, I commenced to cry.

"What's the matter?" Robert's tone was gruff, unsympathetic.

"Nothing much. Tired, I guess."

"I expect you are. I'll take you home, then you'd better turn in. I am going over to Marion's for a little while. She telephoned me today she wanted to see me."

I started to object, then caught myself. Robert had told me so frankly of his intended visit, had also told of Marion's message that I couldn't in decency show my jealousy. Had I not been so tired I should have offered to go with him. But I longed for a rest.

"Remember me to Marion, and tell her I would have come along had I not been so tired."

Robert's look, as I said this, said as plainly as words, "Wait until you are asked."

Tomorrow—Robert's Great Idea.

WELL TO DO FARMER GAINED 20 POUNDS

H. W. Boring Says He Is In Better General Health Than He Has Been in Years' Since Taking Tanlac.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straightforward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

"During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing agreed with me; in fact I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around."

"My nerves were all unstrung and I would become upset at the least little thing. I seldom slept well at night and, finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more clearing up my head."

"This was just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the very first. My digestion now is perfect and regardless of what I eat I & Hemphill, druggists.

H. W. BORING
Of Overland Park, Kansas

never suffer any bad after effects. "The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well every night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Xenia by Sayre and Hemphill, druggists.

A Big Demonstration of the Wonderful "CRYSTAL"

Washing Machine Starting—

MONDAY
MARCH 15

And the Entire
Week

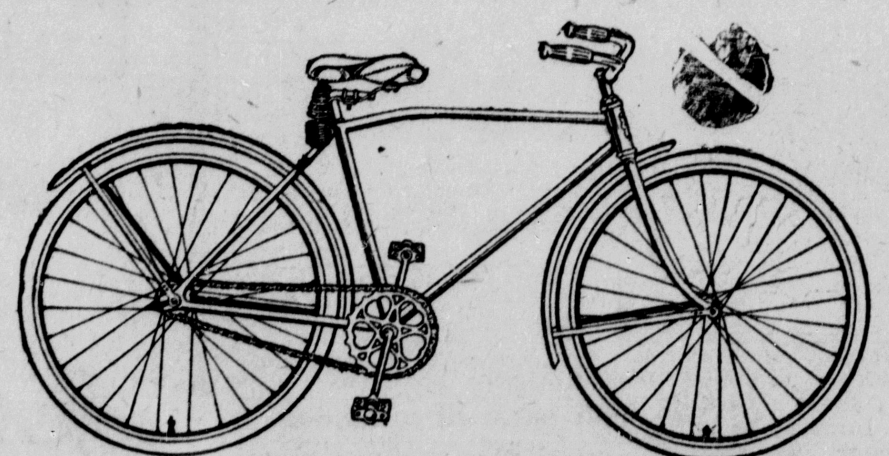

A factory man will be with us and those interested in a washing machine may visit us at any time. This wonderful machine will be seen in operation.

These machines will be placed in your home on a two weeks' trial, so that you can see how they meet the actual working condition.

Don't Fail to Visit Our Store During
Demonstration Week

Hutchison & Gibney

BICYCLING

The finest, cleanest sport in all the world. You never know the many advantages of bicycle riding until you own one. Drop in and let us show you our complete line of Dayton's, Ivels, Excelsiors and Racycles. Sold on our liberal time payment plan.
